

The Store of Yuletide Cheer

At this joyous Holiday Season we extend Greetings, Best Wishes and Thanks to those who have made our success possible.

We have now been in business two and a half years. The last year has seen our business increase three-fold over that of the first year. And day by day the volume of our trade is growing steadily.

Honest business methods and courteous treatment of those who enter our doors have won for us the confidence of the public. As the vanishing years recede into a dim and distant past and as the future leaps to meet us we have and shall have the consciousness of having followed the Golden Rule in our business dealings with the public.

For the Christmas shopper we have spared no expense to provide beautiful, appropriate and useful Christmas gifts. We kindly ask that you drop in and inspect some of our presents listed below.
