Pine Grove

I made a trip Saturday to the Gold Mine community to hear Brother Frank Bumgarner preach and he gave us a wonderful sermon. His sermon Saturday was 2nd Kings, 5-11 and he sure did handle the subject well Sunday his text was Luke, 6-48, about a man who built his house on a rock which had a firm foundation and when the storms came they could not shake it. Reader, I wish you could have heard that sermon. It was one of the best I ever heard. There were visitors from Tennessee river, Tesenta, Turtle Pond, Buck creek and Pine Grove. I feel sure that if I had asked each one present his opinion of the sermons the answer would have been "We were well paid for our trip." The congregation seemed to be spellbound, the spirit of the Lord was working with the people, several gave their hands for prayer.

Another thing. It will pay any one to go to listen to the singing they have there. I have never heard it beaten in my life. Little folks from ten years up sing and lead the singing just like grown folks. It did my heart good to meet with the people of this fine little mountain community. They are as clever people as ever lived. When you go to their homes you will find a heartfelt welcome and plenty of good things to eat. Another thing that makes this an ideal community is the Sunday school. Both old and young attend and all take part in the work. I wish all communities were like this one in that respect. What a good county we would have.

Our old friend, Mr. Holland, is seriously sick. He had a stroke of paralysis the other day in one side. We all hope that he will soon be better. Brother Holland is one of our best citizens.

Our little orphan family have the mumps now—some of them. So many of us here have not had the mumps and are afraid of them, I fear the little children will not get the treatment they ought to have. I hope the people who have had this disease will visit these children.

Editor's Note—The father of these children was Mr. Isaac Houston instead of Mr. Trac Houston as announced in The Press two weeks ago. We were unable to read the name as sent in.

Reece Brothers On the Job

Realizing the pressing need for better restaurant facilities in Franklin Reece Brothers have made extensive alterations and improvements at their restaurant on Main street. Recently when the editor stepped into their place of business for a bite to eat he thought that he had entered the wrong place. He stepped out on the street, read the sign and tried again. A long marble table greeted his eyes with other and smaller tables at the side of the room. Wade and George were dressed up like they had started to a Spanish ball and were busy serving the hungry. The walls were newly painted and a frigidaire sang a coolish tune at the far end of the room. This restaurant is not only a credit but an asset to Franklin.

IT HURT!

What did? That explosion at Gordon Brothers' store last week that knocked the bottom out of prices. Many of our customers have taken advantage of the exceedingly low prices to stock up on their Groceries. But that explosion did not stop with lowering prices in Groceries---it hit the prices on our entire stock of goods---Groceries, Notions, Shoes, Drygoods---in fact, everything.

Drop in and become convinced.
