

HOW TO SOLVE A CROSS-WORD PUZZLE

When the correct letters are placed in the white spaces this puzzle will spell words both vertically and horizontally. The first letter in each word is indicated by a number, which refers to the definition listed below the puzzle. Thus No. 1 under the column headed "horizontal" defines a word which will fill the white spaces up to the first black square to the right, and a number under "vertical" defines a word which will fill the white squares to the next black one below. No letters go in the black spaces. All words used are dictionary words, except proper names. Abbreviations, slang, initials, technical terms and obsolete forms are indicated in the definitions.

(©, 1926, Western Newspaper Union.)

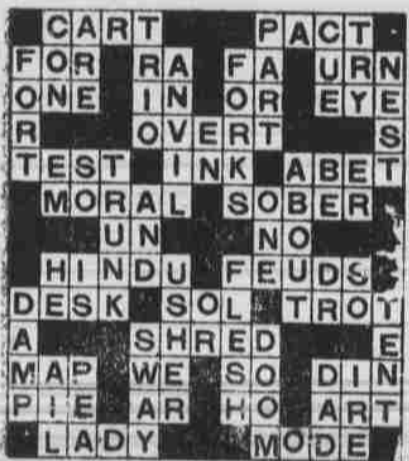

Horizontal.

- 2—To play at ninepins
- 4—Thin crackers
- 9—Iron strongbox
- 10—To lay waste

- 35—Australian bird
- 36—A free-for-all fight
- 37—Month of Hebrew calendar
- 38—Father

Solution will appear in next issue.

Kyle Locals

There was a very copious fall of rain Thursday and Friday. It will be enough to do many weeks, the farmers claim.

County Agent Arrendale organized three Guernsey clubs in Nantahala township this week. We are glad that the farmers have taken one more step towards progress.

Jarrett Shields and family of Aquone, were motoring in town Sunday.

There must be a "blind tiger" in town, the way some of the boys were stepping around last Sunday evening. What's the matter, officer?

The temperature was 40 last Sunday morning, in consequence quite a bit of frost covered the ground. There was not any damage to growing crops, as we could see, except, perhaps the "stuff" got chilled so bad that it will not grow.

The government road construction camp will be moved to Kyle this week as the force will be put on that link of the road from Chas. Douthet's to Kyle, then put in good condition to Aquone.

We understand that the government has been looking over the timber on White Oak creek with the intention of letting contracts in the near future.

Some of the boys have been making large catches of trout since the rains set in. Forty or fifty on one trip seems to be a rather small catch.

The azaleas, laurel and rhododendron will soon burst forth in their splendor in these Nantahala mountains. You had better not miss them, but get in your "Lizzie" and spend a day where you will not need to bring ice, but your overcoat. It's still frosting. The flowers bloom anyway, for it's always hot from 10 o'clock to 4 o'clock, but the nights—better get under a thick quilt.

Mr. and Mrs. Chas. Tallent of Look out, were shopping in town Monday. Horley Yonce went to Aquone on a business trip Monday. He went the old-fashioned way—horse and buggy.

The farmers are getting along fine in their crops, although between the frost, bean-bugs, groundhogs, ground squirrels and cutworms, they still are in doubts, who will come out at the "big end of the horn."

RECEIVER HERE

Mr. J. F. Gray, receiver of the T. F. Railway met with the town board last Monday and discussed certain improvements at the Franklin station. Mr. Gray assured the board that modern toilet facilities will be provided at the station and that the building will be painted and minor repairs made. An additional spur track is also contemplated.

—AND A MOTHER'S TIME

The Birthright of Every Child

His life insurance provided a monthly income for his little family, but the most valuable thing that he left to his child was—Mother's time.

Life insurance on the monthly income plan does more than guarantee food, clothing and a home for your children—it insures for them a mother's care.

If you want to guarantee that your children will have Mother's care, send the coupon below and let one of our men tell you about the monthly income plan.

Mr. Ed J. Carpenter:
How can Life Insurance guarantee that my children will have mother's care?
