New Smoothness—New Features—New Colors....

Chevrolet again electrifies the world by increasing Chevrolet Values!

Now in the greatest year in Chevrolet history—building cars in tremendous volume to meet an ever-increasing worldwide demand—Chevrolet continues its successful policy of increasing Chevrolet values!

Now Chevrolet adds to the performance, beauty and completeness of equipment that have been winning the world to Chevrolet—

—by developing the smoothest Chevrolet in Chevrolet history, by enhancing its smart appearance and by adding features which increase the economy and satisfaction of Chevrolet purchase and ownership!

A triumph of engineering science, today's Chevrolet is the only low-priced car ever to offer every quality of smooth car performance.

Forty to fifty miles an hour as long as you like without the slightest sense of forcing or fatigue! Remarkable smoothness at every speed!

Acceleration that is a delight in traffic! Power that conquers hills—

—such are the almost revolutionary qualities attained by a superior method of mounting the motor on the chassis and by a new camshaft with scientifically determined quieting curves.

Come in! Arrange for a demonstration! Admire the brilliant beauty of the new and striking Duco colors on every model! Mark the greater convenience of the centralized throttle and spark control! Note that all enclosed models with their bodies by Fisher now carry an approved stop light as standard equipment and have a front door pocket.

Then take the wheel—and you will quickly learn that today's Chevrolet with its new smoothness, new features and new colors, is a car that only Chevrolet could build—a value that only Chevrolet could offer.
