

**APPLES THAT KEEP**

John Sanders, of Skeenah Creek, brought some apples to the Press office last Saturday which, he claims, will keep until next June. John says that in the spring while plowing, he uncovered some of these apples that had lain buried in the ground since the preceding fall and that he found them sound as a dollar.

**"Flapper Grandmother" to Be Presented Friday Night**

The rejuvenation of a grandmother of yesterday, brought about by the arts of modern beauty doctors, so that the once prim, little old-fashioned lady becomes the most modern of moderns, enticing all the town sheiks to her feet and arousing the jealousy of her young granddaughters and the envy of the old-fashioned women of the community, is the basis around which is woven "The Flapper Grandmother," a most entertaining musical comedy to be presented here. Pretty costumes, tuneful songs, solos and chorus numbers and graceful dancing together with this amusing story. "The Flapper Grandmother" is to be presented at the Franklin school auditorium Friday night, November 12, 1926, at 7:30 o'clock, under the auspices of the Eastern Star. The public is cordially invited to attend. Admission, 35c, 50c. Reserved seats, 75 cents.

**Missionary Society Has Week of Prayer, With Special Program Tonight**

The Woman's Missionary Society of the Methodist church this week is engaging in a week of prayer, as are all the societies in Southern Methodism. The meetings began Tuesday afternoon, and will be concluded tonight at 7:30 at the Methodist church with a special Armistice Day program.

At tonight's service, international good will will be the subject of discussion and prayer, with papers and talks. A feature of the program will be singing by a group of negroes—"We Ain't Gonna War No More." At the prayer services, free will offerings are being taken for Brevard Institute, at Brevard, which is the property of the societies, and for a mission school in Brazil.

**ONE AT A TIME**

Buying a new car is one thing. Selling a used car is another. Don't get the two confused—or you are almost sure to end up with a new car you never really wanted.

Advertising keeps old customers,

**quiet-**

**FACTS**  
This is one of the reasons why there are more Frigidaires in use than all other electric refrigerators combined. Additional reasons are covered in other ads prominently.

**beyond comparison**

This illustration shows how springs are used to support the compressor mechanism in a Frigidaire cabinet. Vibration is absorbed, noise is eliminated, trouble-free and dependable operation is assured.

**FRIGIDAIRE** employs a noiseless, flexible power transmission. The compressor is mounted on flexible springs, and the knowledge of General Motors engineers has been applied in reducing vibration. And automatic lubrication keeps it quiet.

**Frigidaire Offers More for Less**

**New Low PRICES**

- Frigidaire mechanical units for installation in the standard makes of iceboxes are as low as \$170
- Model M-1 metal cabinet Frigidaire—over 5 cu. ft. food capacity \$225
- Model M-2 metal cabinet Frigidaire—over 7 cu. ft. food capacity \$310
- Model M-3 metal cabinet Frigidaire—over 9 cu. ft. food capacity \$395

(All prices f. o. b. Dayton)  
And any Frigidaire may be purchased on the General Motors deferred payment plan.

When you buy an electric refrigerator make sure that you are getting flexible power transmission and freedom from vibration—the greatest possible number of cubic feet of food capacity at the lowest cost—the greater ice-freezing capacity—the low operating cost that is made possible by frost coil cooling—and the more precise engineering and manufacturing standards of General Motors. All of these features are offered only in genuine Frigidaire.

Call at our display room, telephone or mail the coupon for complete information.

**Death of Herman Guyer**

Mr. Furman Guyer, 29, ex-service man, died at his home at lotia, Sunday, October 31, after a lingering illness of about two years. His remains were buried at lotia church Monday following his death, Rev. Solesbee officiating.

**HURT STEPPING FROM AUTOMOBILE**

Able to go to work next day after simple home treatment

As William H. Avey of Rutland, Vermont, stepped from his car about three o'clock in the afternoon, his left foot felt sore, and by five o'clock he could not step on it.

"I sent for a bottle of Sloan's Liniment," he writes, "and bathed it once every half hour. At ten-thirty, I could step on it and walk, and the next morning I went back to work."

Active people everywhere tell of numerous instances of the amazingly quick and complete relief that Sloan's has given to sprains, wrenches, bruises—in fact every kind of muscular pain.

It doesn't just deaden the nerves. By speeding up the circulation it helps the body to throw off the cause of the pain.

Get a bottle today and have it on hand. All druggists—35 cents.
