## "PAIN WAS DRIVING ME WILD"

Snowbound on remote farm, gets relief from acute neuralgia

Snowbound and alone on a remote farm, miles from a doctor, a plucky Canadian woman endured for hours the racking agony of acute neuralgia. "The pain in my head was driving me wild," she writes, "when I happened to see a bottle of Sloan's Liniment on the dresser. I gave it a trial and in no time the pain was gone. I slept peacefully the rest of the night."

Sloan's gives quick, genuine comfort to every kind of muscular pain because it doesn't just deaden the nerves. It helps the body to throw off the conditions that are causing the pain.

No need to rub. Pat a little Sloan's on lightly. A healing tide of fresh, germ-destroying blood begins tingling through the aching place and the pain, swelling, stiffness are quickly relieved. So clean and easy to use, too. All druggists—35 cents.
