

BEBE DANIELS, NEIL HAMILTON IN THE PARAMOUNT PICTURE "HOT NEWS"

"Hot News" Girl Seeks "Fifty-Fifty" Husband

"The reason I am single is that I have never found a man whom I could marry on a fifty-fifty basis." This was the declaration of Bebe Daniels, movie comedienne, in an interview during the filming of her latest picture, "Hot News."

"It is not bragging for me to say that I have been a successful woman," the Paramount star said. "With this success has come a certain income and an accumulation of money and property. The man I marry will have to be successful in his work as I am in mine; he must have as great an income and as much savings. We must be on a fifty-fifty basis as far as money goes."

"The fifty-fifty status would have to hold good in all relationships," Miss Daniels went on.

"He would have to love me as much as I love him—we would have to be fifty-fifty in that respect, too. The same holds good for other characteristics."

"By the same token, I would not marry a man, I considered my superior. He would not respect me, just as I would not respect my inferior."

Miss Daniels has never been married.
