

# CO-OPERATIVE SALE

## Half Million Dollar Sale

### Closes Monday, October 29 at 4 P. M.

DO NOT BE INCLUDED IN THIS GREAT CO-OPERATIVE SALE

While attending the great Co-operative One-Half Million Dollar Sale make our Drug Store your headquarters. It's your Drug Store. Use it freely. We want you to feel at home while in our store. We carry a complete line of Drugs.

You are especially invited to get your refreshments at our fountain. "Clean and refined." Candies of all kinds. Fresh by express—Good—Wholesome and Delicious.

Our prescription department is complete. We fill your prescriptions and double check them to avoid any error. Ask your doctor, "he knows."

The oldest Drug store in Macon county has served the people of the county and surrounding territory for over 42 years. We have always stood for progressiveness at every point of the road. We serve you faithfully and efficiently in every way possible. While at the Great Co-operative sale meet your friends at Smith's.

We extend greetings to Mr. J. C. Whitmire and to all those who are participating in this Great Co-operative Half Million Dollar Sale.

J. C. WHITMIRE SALES AGENCY

FRANKLIN, N. C.

### Note Franklin's Growth

While here at the Great Co-operative Sale note the evidences of steady growth on the part of Franklin.

This town is the Key City of the Mountains of Western North Carolina and is now on the eve of a rapid industrial development.

We invite the visitors from other states and other counties in this state to become permanent residents of this remarkable community.

#### Do you know that Franklin has—

- One of the finest schools in the state with over 600 pupils in attendance?
- Four churches?
- Miles of paved streets and concrete sidewalks?
- Modern water and sewage systems?
- An abundance of developed hydro-electric energy?
- Five highways radiating from the town?
- The finest climate in the world?
- Four million board feet of timber available each year for an indefinite length of time.
- Inexhaustible deposits of mica, kaolin and asbestos?
- Semi-precious and precious stones in large quantities?
- Copper mines?
- 200,000 H. P. of undeveloped water power?
- A cordial welcome for the investor?

We, whose names this circular bears, invite inquiries.
