

TO ENLARGE CREAMERY

A. B. Slagle, owner and manager of the Nantahala Creamery at Franklin, has ordered new equipment for the local plant and will remove the equipment now in use to Hayesville where he will operate another creamery. The new machinery will double the present capacity of the Franklin plant. Mr. Slagle expects to have the new equipment installed in a few days.

Pants, Pants, Who's Got the Pants?

I am now wanting to hunt one pair of pants close, yellow, that I bought from Howard Shook about 10 days ago. The last I remember of them the boy was rolling them up. If you can find the pants throw yore paper the finder will please deliver them back to Bob Shook store and tell me. Shook to pay the finder 50 cents and charge it to me P. B. Williams, if pants is found I will reward the finder. Also I am sick and helpless and very bare for pants. I now hope and thank the good people that I may received my pants back in my sight. I could not tell you the size of the pants but somewhere in 30.

P. B. WILLIAMS, Ellijay, N. C.

P-T. A. Meeting

The February meeting of the P-T. A. was held on Friday, the first, at 3:30 p. m. in the music room of the school building. The program was most interesting, two pupils of Miss Angel, Miss Margaret Franks and Miss Margaret McGuire, giving musical selections. Mrs. Frances Tessier gave a talk on "Anger, different kinds and their effect on the child," which was complimented on by all present, after this talk a general discussion. Next month the subject for discussion is to be "courage," with Mrs. J. E. Lancaster as leader. All members are urged to be present and take part.

Automobile Stolen

Last Friday night someone stole the automobile belonging to T. S. A. Kanaday. The car was recovered Saturday just off the Georgia road about one mile south of Otto. One rear casing was missing.

MOODY BUYS A YOUNG MAN'S CAR

Mr. Frank Moody has purchased a sporty model of the new Ford car. He claims that it is a young man's car and that old men have no business driving such a contraption.

In Memory of Little Otis Eugene Gibson

On January 22, 1929 God called from the home of Mr. and Mrs. Robert Gibson their dear little boy, Otis Eugene. Born February 14, 1925, age three years eleven months and eight days. He had only been sick little over a week with flu. He was a dear little boy. Always met you with a smile. It was hard to give him up, but God wanted him in heaven to brighten His throne. The funeral services were held at the Snow Hill Methodist church January 23 at three o'clock, and was conducted by Rev. W. L. Bradley. He leaves a father, mother, four brothers and one sister besides a number of relatives and friends. His aunt, MRS. ROY C. GIBSON.

Mrs. Nicolai Passes

Mrs. Mary Glory Nicolai who has been spending her summers in Franklin for a number of years and who owned property here, died last week at a local hospital. Oscar Bryant carried the remains through the country to Orlando, Fla., where the body was cremated.

Game Warden Here

A. W. Padgett, game warden of Cherokee county, was here on business last Monday. While here he visited J. J. Mann, warden of Macon, and they discussed the progress of game and fish protection in their respective counties.

MRS. HAMES ENTERTAINS

Mrs. C. W. Hames entertained the Wednesday Afternoon Bridge club at the home of Mrs. W. A. Rogers. There were three tables playing. Mrs. Fred Higdon played high. Mrs. Grady Siler drew consolation, and Mrs. R. M. Rimmer won high guest prize. After the game a delicious salad course was served.

ENTERTAINS LEAGUE
Miss Margaret Cozad entertained the Senior Epworth League at her home Saturday night. Twelve members were present. Delicious refreshments were served. All present reported a good time.

Rupture Shield Expert Coming to WAYNESVILLE

on WEDNESDAY, FEB. 13

at

Kenmare Hotel

from 9 a. m. to 2 p. m.
Evenings by telephone
appointment only

ONE DAY ONLY

No Charge for Consultation

Mr. C. F. Redlich, the successful expert says:

The "Perfect Retention Shields" hold the rupture perfectly, no matter what position the body assumes or how heavy a weight you lift. They give instant relief, contract the opening in a remarkably short time and strengthen the weak tissues (the real cause of rupture) so that they frequently recover their previous natural retaining power, needing no further outside support. Stomach trouble, backache and constipation often caused by Rupture promptly disappear. Truly remarkable and prompt results have been obtained not only with recent and not fully developed ruptures but also with old, long neglected ones.

Ingenious, recently perfected devices are now holding ruptures firmly which heretofore never had been retained.

No elastic belts nor filthy legstraps are used.

I guarantee to hold the rupture and also the durability of my absolutely sweat and moisture proof, sanitary appliances.

75% of ruptured children recover completely through expert mechanical treatment according to statistics.

Do not waste your money on widely advertised mail order contraptions. You cannot fit yourself.

C. F. REDLICH, Rupture Appliance Expert, Home office, 535 Boston Block, Minneapolis, Minnesota.

Highest Cash Prices

We pay highest cash prices for poultry an eggs and sell groceries and meats to meet competitive prices from anywhere. We also deliver which is quite important in this inclement weather.

There are many reasons for the ease of steering the new Ford

THE new Ford is exceptionally easy to steer because of the well-proportioned weight of the car, the steel-spoke wheels, the co-ordinated design of springs and shock absorbers, the size and design of the steering wheel, and the simple mechanical construction of the steering gear.

The Ford steering gear is of the worm and sector type used on high-priced cars and is three-quarter irreversible.

In simple, non-technical language, this means that the car responds easily and quickly to the steering wheel, yet there is no danger of the wheel being jerked from the hands of the driver by ruts or bumps in the road. A light touch guides the car, yet you always have that necessary feel-of-the-road so essential to good driving.

Strength of materials and careful workmanship give unusual stability to the Ford steering gear and housing.

The steering worm, for instance, is splined to the steering worm shaft and is stronger, of course, than if a single key were used to hold

the shaft and worm together. The steering worm sector is forged and machined in the same piece with its shaft.

The housing of the steering gear mechanism is made of three steel forgings, electrically welded together. This housing is then electrically welded to the steering column. Such a one-piece steel unit is naturally much sturdier than if several parts were used and bolted or riveted together.

Throughout, the new Ford steering mechanism is so simple in design and so carefully made that it requires practically no attention.

The only thing for you to do is to have the front steering spindles, spindle connecting rods, and drag link lubricated every 500 miles and the steering gear lubricated every 2000 miles.

For this work, you will find it best to consult the Ford dealer. He has been specially trained and equipped to help you get the greatest possible use from your car over the longest period of time at a minimum of trouble and expense.

ENNA JETTICK Health Shoes

Combination Last

Yes we have them. The very same ones you hear talked about over the radio every week. We have made up our minds "to fit perfectly any normal foot no matter how narrow, how wide, how large or how small." The quotation is the exact language used by the radio announcer and we have a complete line of Enna Jettick shoes about which the radio tells the world once each week. There are the Enna Jettick shoes for women and the Junior Enna Jetticks for the Modern Miss. These shoes are selling at an extremely moderate price.

We have a measuring machine by which each foot can be measured and exactly fitted.

"YOU NEED NO LONGER BE TOLD THAT YOU HAVE AN EXPENSIVE FOOT"

Next week we will tell you about our New Spring Oxfords for Men. These Oxfords come in Selz Arch Last and from the large assortment carried in stock you can be perfectly fitted.
