## Intertype Bits

By Bill

Well, folks, here's a bit more nonsense for this week.

The time of this writing is Tuesday night, 10:30. After laboring continuously all day and till this time of night, on the Intertype, we feel too fatigued to collect our thoughts for any sensible paragraphs.

And too, we are just recovering from the shock of this evening at 5 P. M. It was our first appearance in a court of any description.

28 or more of us "speed demons" were hailed into the Mayor's court. However, Judge Rickman was very lenient with his sentence. For which we are grateful.

It was reported that not one of the speeders made less than 35 miles per hour. And only those driving at the greater speeds were "pinched". One man made 70 miles per hour. That must have been our model T "Lizzie." Making about 25 miles forward and 45 up and down.

Mr. Street says "we" were caught because the "lizzie" made so much racket. The "boss" says "we" were caught for being a "public nuisance." Both may be right.

Everybody has their ups and downs—and especially model T Ford owners.

Our good friend Ernie Dehart was among the mourners in the mayor's court for speeding—not in his work at the post office, however.

When something happens in the wrong way, and at the wrong time, we, by force of habit, blate forth a few profane words. Mr. Street doesn't see the reason or excuse for this habit. Well, in the first place, it's a source of relief to our feelings, and in the second place, it just naturally comes more handy.

During the past week, we bought a load of wood from a Macon county citizen. His charge was \$2.50. We paid him one green back and the remainder was paid by a subscription to The Press. The green back is limited to 100 cents. But there is no limit to the value of the \$1.50 he spent on the Press, providing he uses the information printed therein.

A man climbs a pole 100 foot high. He goes up 20 feet in the day time and falls back 10 feet that night. How many days will it take him to reach the top?

Mr. Notman and wife, Nottfrom, Mo., stopped at a local hotel recently, it

was said. We bought some chicken feed at the Farmers' Supply the other day. Here is the conversation that ensued during the sale: Bill—"Mr. Moore what have you for sale, in the way of chicken feed. I mean feed that will make the hens lay? Mr. Moore: "I have some feed here that we guarantee to make them lay." Bill: "Make 'em lay eggs or lay still?"

## LOUISA CHAPEL

We are sorry to hear of the death of Mr. Logan Camp.

We are missing Misses Nellie, Maude and Pauline Green and Miss Willie Rogers who have gone to Enka to work in the plant.

Miss Annie Lee and Miss Bettie Pressley were the guests of Miss Helen Green on Sunday night.

Miss Helen Green gave a social Saturday night. A large number were present. Everybody reported a nice time.

Miss Louise Wallace was the guest of Miss Laura Bell Pressley last Friday.

Miss Bonnie Roane spent the night with Miss Florence Henryson last Thursday.

Mr. Harry Fox, who has been staying at Mr. W. R. Pressley's, has returned to his home at Cullowhee.

Mr. Lawrence Green has returned to his home after working a few months in the mountains.

Miss Ora Pressley was the guest of Miss Louise Green, Saturday night.

The Sunday school at Louisa Chapel is getting along very nicely these bad Sundays, but we hope to improve it.

## COUSIN OF LATE R. J. REYNOLDS PRAISES SARGON

"I wish I could tell everyone of my friends over the South how much I've been benefitted by Sargon.

"I was in a street car wreck eighteen months ago and the shock com-

WILLIAM REYNOLDS

pletely undermined my nervous system. It was impossible for me to get a good night's rest, there was such a ringing noise in my head, and my legs ached so bad. I was losing weight and strength steadily when I started Sargon.

"Five bottles built me up from 130 pounds to 145 and every pain I had disappeared! That ringing noise in my head cleared up, I sleep fine and my strength and vitality have been completely restored. I used the Sargon Pills along with the tonic and the two medicines together are the finest I ever took in my life."

The above statement was made by William Reynolds, of Clarkston, Ga., who is Atlanta District Sales Manager for the Texas Oil Company and a cousin to the late R. J. Reynolds, Tobacco magnate. Perry's Drug Store, Agents—Adv.

## COFFEE, PLUS— DELICIOUS TASTE AND HEALTH!

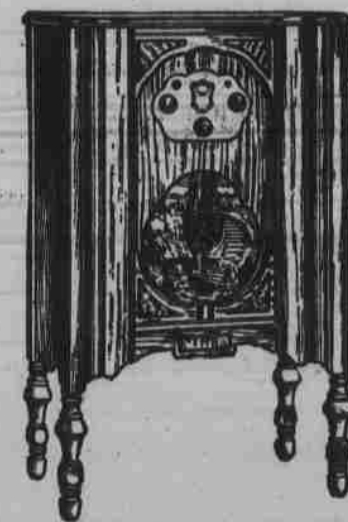

In other words—Coffee plus Chicory, as in Gold Ribbon Blend, is delightful to taste and it's praised by authorities for its health value. Double strength, too—that means twice as many cups from a pound.
