

LEG OF PLAYER BROKEN IN GAME

Limb Snaps When Andrews Quarterback Is Tackled

Henry Bellamy, quarterback on the Andrews high school football team, had his leg broken above the knee in the opening quarter of the game here last Friday with the local high school eleven.

Bellamy had just picked up a punt, and his back was turned toward two tacklers who had sprinted down the field. They tackled him from be-

hind, and in the pile-up the quarterback's leg was broken. An ambulance carried the player to a local hospital where the leg was x-rayed and set. Bellamy was taken home to Andrews afterward.

ROSE CREEK

Mrs. Charles Hurst is visiting her mother on Cowee.

Mr. and Mrs. Robert Downs of Winston-Salem have been visiting relatives in the county.

Mr. and Mrs. Wymar Hall have moved to their new home on Burningtown.

Mr. and Mrs. Harry Welch of Burningtown were visiting Mr. and Mrs. J. C. Hughes last week end.

Mr. Dick Welch is building his son, Wade, a new home.

Mr. Arnold McNeans from Winston-Salem is visiting home folks.

Mr. D. L. Rice visited our school last Thursday.

TEA FOR MISS NORWOOD

Mrs. Hattie Jones entertained about twenty of Miss Norwood's especial friends at a lovely tea Friday afternoon. Just before the serving of most appetizing refreshments the guest of honor was presented with a large tray of "personal refreshments" by the hostess which turned out to be parting gifts of "love and good wishes" for "sister Beth" in her now home this winter.

Miss Elizabeth Norwood has made Franklin her home for the past thirty odd years, in between times serving as an instructor of youth here and elsewhere.

Her gentle influence will long be felt in this community, and in every other place she has lived and served.

Her life has been one of service for others, and the heartfelt wishes of many friends for a pleasant winter follow her to Wilmington.

CERTIFICATE OF DISSOLUTION State of North Carolina Department of State

To all to whom these presents may come—Greeting:

WHEREAS, it appears to my satisfaction, by duly authenticated record of the proceedings for the voluntary dissolution thereof by the unanimous consent of all the stockholders, deposited in my office, that the Iotla Clay and Mica company, a corporation of this state, whose principle office is situated at No. — Street in the town of Franklin, County of Macon, State of North Carolina (Francis A. Gudger being the agent therein and in charge thereof, upon whom process may be served), has compiled with the requirements of Chapter 22, Consolidated Statutes, entitled "Corporations," preliminary to the issuing of this Certificate of Dissolution:

NOW THEREFORE, I, J. A. Hartness, Secretary of State of the State of North Carolina, do hereby certify that the said corporation did, on the 30th day of October, 1929, file in my office a duly executed and attested consent in writing to the dissolution of said corporation, executed by all the stockholders thereof, which said consent and the record of the proceedings aforesaid are now on file in my said office as provided by law.

IN TESTIMONY WHEREOF, I have hereto set my hand and affixed my official seal at Raleigh, this 30th day of October, A. D. 1929.

Seal of the State of North Carolina.
J. A. HARTNESS,
Secretary of State.

More and More COLDS treated EXTERNALLY

A GENERATION AGO, Vicks originated the better method of treating colds externally. Today, the whole trend of medical practice is away from needless "dosing", and the demand for Vicks has increased to "Over 26 Million Jars Used Yearly."

Mothers appreciate Vicks, because there's no "dosing" to upset children's stomachs. It is equally good for adults. Just rubbed on, Vicks acts thru the skin like a plaster; it also gives off medicated vapors which are inhaled.

FAMOUS MEDICINE WINS PUBLIC APPROVAL HERE

Scientists Declare Irogen Prescription Greatest Discovery of Modern Times—Builds Rich, Red Blood and Solid Flesh—Thousands Praise Its Remarkable Powers.

Interest continues at high pitch in this community over the coming of IROGEN, the prescription of a famous New York hospital physician, recently introduced with tremendous success in this state.

Although newly introduced here, IROGEN has been thoroughly tried and tested in vast numbers of cases and thousands of users in unsolicited letters have testified to its remarkable power in building solid flesh, increasing vitality and overcoming general physical weaknesses.

After suffering 10 years with stomach disorders, poor appetite, loss of weight, burning and swelling in the stomach, D. M. Mooney, of 1414 N. Church St., Salisbury, N. C., declared, after taking one bottle of IROGEN that he felt 100 per cent better. "I have been relieved of indigestion, have gained 3 pounds, and recommend it to anyone. It is a marvelous medicine," which letter is typical of thousands being received from people in all walks of life who have tried this famous prescription.

It is claimed that IROGEN supplies essential elements for the re-

generation of the blood and vital powers, and is the greatest discovery ever known for the treatment of stomach disorders, loss of flesh, chronic constipation, dyspepsia, indigestion and impure blood.

It is pointed out by scientists that every nerve, muscle and vital organ of the human body draws its nourishment and, therefore, its strength, from the blood, so that one's blood is the unfailing barometer of the strength and health of the body.

They advise the public not to take chances, but if the nerves and muscles are not as strong as they should be, if one feels weak, languid, blue and discouraged, no time should be lost in supplying the blood with the strengthening element found in IROGEN. If this is done, they declare the nerves will gradually become steady and the physical strength and power of endurance and the natural flesh will return, until one looks and feels physically fit.

IROGEN may be obtained in either liquid or concentrated tablet form at leading druggists and dealers in medicines everywhere, including
