

## BANQUET PLANS ARE CONSIDERED

### Get-Together Affair Booked By Town's Leading Citizens

A number of the leading citizens of the town have hit upon the idea of a get-together banquet for the very near future. There is nothing that is so inspiring as a general all round discussion of the things that concern the betterment of the community as a whole and each one individually.

The Press has offered to get a speaker here for the occasion who will be entertaining as well as informative, provided enough of the citizens of the town accept the invitation to attend the dinner. Numerous people in the town have a list and will call on every man and woman to see how many will be present. After this is ascertained, the date will be set and all will be notified.

The dinner will be held in the Scott Griffin hotel. There is seating room for 100 to 125.

List your name with any of the following, and pay for your plate at once. W. C. Cunningham & company, Jack Stribling, The Franklin Bank, The Citizens Bank, The Franklin Press.

The promoters of the affair are anxious that a majority of the good people of the town turn out.

### Walnut Creek Items

Mr. Wallace Stone, who spent Christmas holidays with friends, left for Lenoir recently.

Prof. Clifford Medford returned to Chapel Hill to attend college last week, after spending the holidays with home folks.

## SERVICE OFFER MADE BY PRESS

### Attractive Contract Plan Is Made; Fraudulent Ads Excluded

In this day of high-powered competition, when buyers are so busy that they are making their purchases at the first place they get to which has the stuff that will do, merchants are more and more often telling the public about their merchandise in well thought messages that carry the facts so that all may read.

Beginning next week The Franklin Press, in order to serve its advertisers to the very best advantage, is offering a contract for the whole of this year to the merchants of Franklin, Highlands and Macon county. This contract carries with it an attractive discount, as well as a splendid service in displaying to the best possible advantage the goods that are advertised.

By the use of this service the merchant is assured of a continuity of sales talk. He is assured that the public will come to look for his particular display and the message that is written therein. The public, on the other hand is assured that the goods advertised and the facts that are given them in these ads are an absolute guarantee of the merchants' ability and desire to give the best possible value for the money that can be given. Furthermore, much time will be saved all concerned for the whole plan will be a dependable source of sales facts.

Franklin has as complete line of staple and fancy merchandise ordinarily found in towns much more pretentious. Not every one of us realize this. We are all assured that during the rest of this year, at least, we will hear about them in no uncertain terms. And what they hear will be the facts. They may depend on them. Advertisements appearing in this paper are messages from reliable firms about reliable goods.

The Press will not knowingly accept advertisements that are not beyond question. Therefore, The Franklin Press invites the closest scrutiny of advertisements appearing and also asks that anyone who finds that things are misrepresented in the ads will notify us and we will see that such misrepresentations are omitted.

## Walter Frazer Dies On Sunday

Walter Frazer, age 40, died at his home near Louisa Chapel last Sunday. His death was due to heart disease. He had previously been confined to the Angel hospital for treatment.

Mr. Frazer had worked for several years with the Ritter Lumber company in the county as lumber inspector. He was a valuable employe to the company, and a number of the officials of the concern attended his funeral on Monday afternoon. Mr. Frazer was a leading and highly respected citizen.

The deceased is survived by two sisters, five brothers and his father. Funeral services were held at Louisa Chapel on Monday afternoon at 3 o'clock, with Rev. R. F. Mock in charge.

### Episcopal Services

Services will be held at the Episcopal church on Sunday afternoon, with Rev. Albert New, rector of the Grace church at Waynesville, in charge. Rev. New will hold services at Sylva in the morning before coming to Franklin in the afternoon.

## COMMISSIONERS OPEN NEW ROAD

### Route To Run From Fulton Farm To Mashburn Branch

It was ordered by the County commissioners, in session Monday, that a road be opened by C. W. Teague, county road supervisor, from a point beginning at the Fulton farm on the Sugar Fork river and running to a point above the Brab Angel farm on Mashburn branch. This road is to be located according to a survey previously made by Will Parrish, county surveyor.

A road beginning at W. S. Moffitt's and running to B. T. McConnell's was ordered taken over by the county, it being provided that the upkeep of this road shall not cost the county anything in addition to the use of the road machine on the section taken over. The road machine is to be used at the discretion of the road supervisor.

The commissioners ordered at last Monday's session that insurance on the court house be kept in force.

## Announcing New Improved SHEETROCK

Sheetrock has pioneered many improvements in plaster wallboard. Further advancements are now announced.

The New Improved Sheetrock surface is tough—highly resistant to scuffing and abrasion. A dense, close-grained finish of ivory color provides a suitable surface for beautiful decorative effects. It takes paint easily and reduces decorating costs. Nailing edges are square and uniformly thick.

An improved surfacing and gypsum core provide added strength and flexibility and add to Sheetrock's insulating qualities.

Let us give you full information on the New Improved Sheetrock—the way to a perfect wallboard job.

Look for the distinctive marking New Improved Sheetrock carries a distinctive trademark on the back of each panel—look for and demand it!

### Preach on Sabbath Keeping

Brother pastor, do your people keep the Sabbath holy? Do they observe the Lord's day as they should? Do you ever preach on keeping the Sabbath? If not, try it one time, and see if your people do not appreciate the message.

Jesus kept the Jewish Sabbath as a habit approved of his virtuous mind and conscience. He is our example, and we should follow in his steps. He showed the Sabbath in it's true light, freed it from it's traditional incrustations, and indicated that it was not to be a burdensome yoke, but as a day of delight, of worship, of service.

And so our Christian Sabbath the Lord's day, is a day of delight and joy. It tells us of the resurrection of our Lord. It foretells our victory over death. It forecasts the eternal Sabbath of rest which remaineth for the people of God.

Worship is the primary purpose of the Lord's day. It is a day wherein we should honor God. It is for rest and worship. It ministers both to the physical and the spiritual needs of man.

The Lord's day is a day of loving service and brotherly kindness. Works of mercy should not be neglected on the Lord's day. Our blessed Lord has shown us the way to observe it. Works of necessity may also be done, if we are sure that they minister to God rather than to our selfish and carnal interests. Some people desecrate the Sabbath, and make an excuse of doing works of necessity. They thus steal the day from God. True love to God and to our neighbor will prevent our desecrating the Sabbath. Christian love will find a way to observe the Sabbath to the honor and glory of God.

## WORK SUSPENDED TEMPORARILY ON WAYAH CR'K ROAD

Work has been temporarily suspended on the Wayah Creek road, due to breaking a piece of machinery in the rock crusher, according to an announcement from the office of the Nantahala National forest supervisor.

The surfacing of this road will be completed within a few weeks after the broken part of the machinery has been replaced. This will make the Wayah creek road passable in all weather. This branch of road begins at Kiser's store and runs through Nantahala gap to Aquone. The surfacing is to run to the foot of the Nantahala range where the clay ends.
