

HIGHLANDS—THE ROOF GARDEN OF THE SOUTHEAST

Highland Flings

The Highlands Merrimakers were entertained with a 1950 party Saturday night at the "Chestnut Burr." Everyone dressed according to what they thought the style would be in 1950. Each guest wrote on a slip of paper what they intended to be doing in 1950, these prophesies being read out and the others guessing the identity of the writer. Several other games pertaining to 1950 were played and in the latter part of the evening a delicious salad course was served.

Miss Bernice King returned to Highlands Sunday. Friends of Miss King are very glad to see her back again after a severe case of mumps while she was spending the holidays at her home in Seneca, S. C. Miss King was accompanied by her sister and brother, Miss Marguerite and Master Francis King, and Mr. Joe Brock, who returned to Seneca the same day.

Mr. and Mrs. Ralph Hodgson and their daughter, Marguerite Hodgson have returned to Highlands, after a lengthy sojourn in Athens, Ga.

Quite a number of visitors were in Highlands Sunday taking advantage of the spring-like weather to visit this mountain resort.

Miss Marie Huger, accompanied by Miss C. B. Elliott, left last week for Charleston, S. C., to spend the winter with relatives. Miss Elliott is expected back this week.

Friends of our former mayor, Mr. W. S. Davis, are congratulating him. He has recently become a great-grandfather. His granddaughter, Mrs. Ctenney, formerly Miss Bessie Steele, who lives in Jackson, Miss., has a little daughter.

Mrs. Ida F. Hedden has opened a small cafe on Davis' Block.

A call meeting of the Community club was held at the bank Wednesday afternoon, January 8, for the purpose of planning the annual bazaar. Sewing circles will be held at the homes of the different members.

The ladies of the Community club expect to give a dance at the Highlands Tea Room Friday evening, January 17.

LOVE

Franklin, N. C., Jan. 3, 1930.
"God is Love." Love is all Creative. Love nourishes the soul. Love is the greatest healing power there is. "Love transforms all imperfection into beauty, symmetry, wholeness."

It glorifies all it touches. With clear vision I see God every where. In the upturned face of the child, in the souls of his children, no matter what their achievements or condition in life. I see Him in the flower, the bird, and all form of life. I see His promise in each dawn, and His glory and benediction in each sunset, and His infinity in the constellations. I feel Him closer than breathing, and nearer than hands and feet. There is no separation from Him.

"He gives vitality to my mind, beauty to my body, peace and joy to my spirit." May His love radiate through us, and uplift everyone we come in contact with. May we leave with each one a breath of the fragrance of that perfected love that streamed through Jesus, and may it become a power for good in that life.

I commune with God in the silence of my soul, and in this holy communion my spirit is refreshed and uplifted. Perfect love casteth out fear. "He that feareth is not made perfect in love." May the eyes of all, every where, be opened to see God every where, and their ears be tuned to catch the music of that "Voice that leads to perfect service and the attainment of the Christ consciousness."

The joy I radiate renews me again for as I empty my cup in loving service and a sincere desire to help a brother or sister, I know without a shadow of doubt that God will fill it again to overflowing. God gives, never grudgingly or sparingly but always plusses that which I give in faith. Joy lifts us all heavenward, and shows us that the kingdom is at hand. Joy fills my soul now, for I am a child of God.

And I claim my Divine, birthright of happiness. This is the day which

Young Methodist Matrons Convene

Mrs. Tommie Angel was hostess to the Young Matrons' Missionary society, Tuesday, January 7.

About 14 members were present. Altho this was the first meeting, the superintendent of social service, Mrs. Claude Russell, gave a splendid report of service rendered those needing help, during the holidays.

Dr. H. T. Horsley reported to her some cases that needed Christmas cheer. The Community Chest gave out, and Mrs. Russell went to the merchants and every one helped to make "Christmas" for the less fortunate.

Mrs. Jim Perry was unanimously elected president of the society, as Mrs. Henry Cabe could not accept the nomination. Three new members were added at this first meeting: Mrs. Roy Cunningham, Mrs. John Davenport, Mrs. Avery Cunningham.

Mrs. Avery Cunningham was elected treasurer. Mrs. Erwin Long has charge of the baby roll. Mrs. Emory Hunnicutt was elected reporter. Mrs. Steve Porter has charge of the next meeting, which will be with Mrs. Henry Cabe, February 4, at 3:00 p. m.

BALMY JANUARY WEATHER BRINGS MANY OUT DOORS

While the famous winter resorts of Southern California have been visited by snow flurries this month, and the West and Middle West have been snowbound, while the North has experienced low temperatures, and over in China the inhabitants are dying from exposure to frigid weather, Western North Carolina has experienced the balmy January in several years.

Extremes in temperature are rare in these sheltered mountains. The last few days have been harbingers of spring, and few there are who have not been tempted out into the warm winter sun.

the Lord hath made, we will rejoice and be glad in it.
ARLES A. ROPER.

Now Is the Time To Get Replants

It has been recalled by civic leaders of the county that the forestry service secured the white pine shrubs which were planted along the Georgia highway some two years ago. About half of these trees lived. Since that time nursery grown white pines have been brought from Canton and planted along the highway in Rabun county with much better success.

As this is the season when plans should be made for securing replants, it is probable that any civic club or organization desiring to beautify the highways may be able to secure evergreen shrubs from the forestry service, according to information reaching The Press office.

SARGON'S FAME SPREADING OVER ENTIRE WORLD

People of This Country Sending Famous Medicine to Relatives and Friends in England, Scotland, Ireland, France, Canal Zone, Norway, Sweden, Cuba and Many Other Distant Lands.

If you had found a medicine that was of such benefit to you that you would go to the trouble of sending it to relatives and friends in distant countries, you would have to be convinced in your own mind that it possessed real merit, wouldn't you?

That's just what thousands of people throughout the United States have been doing with Sargon.

From all over America and wherever Sargon has been introduced, thousands of letters have been received from grateful users telling of the gratifying results that have been accomplished by this celebrated medicine.

THOUSANDS EXPRESS GRATITUDE

On November 27th, a letter dated November 23rd, was received at the Sargon offices advising that in one week one drug firm alone had received orders for Sargon to be shipped to Cavite, Philippine Islands; Coca-Solo, Canal Zone; Belebroke, Ireland, and Paris, France.

Only recently a well-known resident of Denver, Colorado, who had been restored to health by Sargon, sent a full treatment to London, England, to his sister, who is the wife of an executive of one of the greatest retail drug firms in the British Empire.

During the past month there appeared in the Toronto papers the statement of a well-known World War veteran whose health had been greatly impaired while in the service, who stated among other things, that he owed his restoration to health to two bottles of Sargon sent him by a friend in Minneapolis.

LETTERS RECEIVED FROM THE NORTHWEST

From the Northwest, many letters of this kind have been received advising that users of Sargon are sending it to relatives back in their old countries of Norway and Sweden.

Many such letters and endorsements have been received from men of prominence, including former governors, business and professional men, mayors, state and county officials, and even Ministers of the Gospel have deemed it their duty to come forward and tell what Sargon has done for them.

These are only a few of thousands of such cases and not a day nor a week passes that does not bring hundreds of statements from the people concerning the good this medicine is doing, and reciting case after case that would convince the most skeptical.

Sargon's fame is built on actual results—not empty promises, and only those who have put it to the test know its real powers.

Sargon's aim is not mere temporary relief, but new and abundant health. No wonder it is now called the medicine with a million friends.
