SHOW OF STYLES BY SEWING CLUB

Elaborate Designs Worn By Ladies Last Wednesday

On last Wednesday afternoon, Feb. 19, the Sewing club, together with a number of invited guests, attended an "Advanced Style Show," at the home of Mrs. Will Sloan.

The ladies, on arriving, were taken at once to the salon of the noted French designer Mme. Butterfly, who, with her assistant, Mme. Cherie, aided each lady in choosing the style and materials most suited to her peculiar style of beauty.

Mrs. Tom Slagle chose a simple, girlish sports costume, all white. Mrs. Jess Sloan's evening gown of metallic cloth with hoop skirt, elaborate draperies and train, created quite a sensation. Miss Mary Allman chose a charming costume showing the new princess silhouette, smart touches being introduced in the bustle and the coquettish scarf she wore.

Mrs. Robert Patton and Miss Annie Slagle wore charming afternoon gowns showing the new high waist-line, and long, full skirts, with most demure bonnets.

All of the costumes were most striking and original, particular attention being paid to the new silhouette.

After the ladies were all modishly gowned they assembled on the lawn where some very striking pictures were taken. After a short time spent in discussion of styles in dress, manners, and morals of these and other days, the guests were served a delicious salad course by the hostess.

AUTO ON TRIMONT NEARLY PLUNGES INTO MINE SHAFT

An accident that might have proved serious occurred one night last week when three autos, loaded with fire fighters, started to Trimont to stop a forest fire.

The front car, driven by Grady Siler, passed over what seemed to be a bad bump. The second car, driven by Don Young, attempted to dodge the bump in the road, and passed over without trouble. The front wheels of the third car, driven by John Cunningham, dropped into a sink in the road that proved to be an opening into an abandoned mine shaft, 15 feet deep. The auto was only saved by the front bumper from sinking into the mine.
