#### Highlands Estates Club Holds Opening Dinner

The Highlands Estates club opened its first season Friday evening, June 13, with dinner.

A number of guests from Atlanta were present over the week-end to enjoy the golfing and other sports here. Among those present were Mr. and Mrs. Carleton Y. Smith, and daughter, Miss Daisy Smith; Mr. and Mrs. Oscar G. Davis; Mr. and Mrs. W. A. Parker; Mr. and Mrs. J. L. Robinson; Mr. W. F. Darby; Mrs. Robert Gregg, and daughter, Miss Gregg; Mr. and Mrs. Jack Pappenheimer, and two daughters; Mr. Brooks Mell; Miss Mary Little; Mr. R. W. Courts; Miss Virginia Courts; Mrs. C. E. Shepherd; Mr. and Mrs. Charles Sisson and Mrs. Michael Hoke.

The public was invited to inspect the club and course all day Friday from 10:30 a. m. A large number of people took advantage of this invitation and a steady stream of visitors passed through the magnificent building all day. Everybody was delighted and declared that it far exceeded their expectations.

Highlands Estates club, if there is anything in the adage of starting off on the right foot, shows evidence of becoming a very popular club this summer. One glance at the well-filled reservation book proves this. Reservations are booked for almost every room for the season, and for the week-end of July 4, all accommodations are completely booked.

Mr. and Mrs. Bobby Jones and two children, Mr. and Mrs. John W. Grant, Jr. and children, Mrs. Grady Black and children, Mr. R. P. Jones, Mr. and Mrs. Clark Howell and children, Mr. and Mrs. Alfred Newell, Mr. and Mrs. S. L. Hurt and children and Mr. and Mrs. B. M. Grant.

#### MAXWELL

Maxwell's family was increased by two Crocketts last week. Howe Taylor returned from Chattanooga where he has been in search of an education—Nancy Jane from Agnes Scott and the same quest. They both saw improvement in the farmstead, but concluded that there is plenty yet to do so unpacked overalls and went to work. Howe Taylor has a wistful look when one mentions trout streams and mountain fastnesses and Nancy Jane's head is full of plans for gay visits to the community beauty spots.

Mrs. Crockett who has been suffering from an infected ear is feeling better.

Miss Buchanan was in the hospital for a tonsil operation for a few days but is doing nicely.

A drive to Tallulah Falls—the first bit of recreation we've indulged in for some time—was much enjoyed by all.

## After the First Twenty-five Thousand Miles

THE VALUE of sound design, good materials and careful craftsmanship is especially apparent in the new Ford after the first twenty-five thousand miles. Long, continuous service emphasizes its mechanical reliability and economy of

As you drive the Ford through many months and years you will develop an increasing pride in its appearance and a growing respect for the substantial worth that has been built into it. From every standpoint—in everything that goes to make a good automobile—you will know that you have made a far-seeing, satisfactory purchase.

Wherever you go, you hear enthusiastic praise of the car and this significant, oft-repeated phrase—"I'm glad I bought a Ford."

A FORD owner in New York tells of a 13,000-mile trip across the United States and back in sixty days and says "the car was extremely economical to operate, comfortable and speedy." A grateful father tells how the Triplex shatter-proof glass windshield saved his wife and children from serious injury.

To test tires, a large company drove a new Ford day and night, for an average of 500 miles every twenty-four hours. It was still giving satisfactory service after 105,000 miles.

A Ford car that had fallen into Fernan Lake was submerged for twelve days before being raised. After a new battery and carburetor bowl were installed, it was driven back to Spokane under its own power.

Many police departments have written of the special advantages of the Ford in crowded traffic because of its alert speed, acceleration, and ease of control. An increasing number of fleet owners are also purchasing the Ford because their cost figures have given conclusive proof of its economy of operation and up-keep.

In addition to important triumphs in Germany, France and Italy, the Ford won six out of seven leading places in a contest in Finland, first and second in the Rafaela races in Argentina, first and second in the

run from Copenhagen-to-Paris-to-Copenhagen, three gold medals in England, first ranking in the durability test over the tortuous Amancaes road in Peru, and first place in the 1930 reliability run conducted by the Royal Automobile Club of Sweden.

This contest was an exceptionally severe test of endurance and sturdy construction because it was held in the dead of winter and covered 600 miles of steady running over snow-covered country roads and mountainous hills.
