

REUNION IS HELD BY WILD FAMILY

Five Generations Gather At Burningtown, Sunday, June 22

A reunion of the P. C. Wild family was held at the old home on Burningtown creek, 10 miles out from Franklin with Mrs. P. C. Wild on June 22. About 40 children, grandchildren and descendants down to the fifth generation were present.

From Oklahoma came Mr. and Mrs. John H. Wild, of Granite; Mrs. James Merritt of Roswell, N. M.; Mrs. Henry Gillespie, of Coffeyville, Kansas; Mrs. R. L. Bryson, of Jacksonville, Ala.; Mrs. James Tallent, of Clarksville, Ga.; Mrs. R. F. Jarrett, of Dillsboro, N. C.; and Mrs. Harrison Pace, of Asheville. This completed the circle of eight children living and at home for the first time in 30 years. Mrs. Wild, the mother, having reached the age of 85 years, was able to be up and rejoicing with those present.

At the conclusion of the Sunday's gathering, the following poem by R. F. Jarrett, composed for the reunion, was read:

THE WILD REUNION At Burningtown, N. C.

By ROBERT FRANK JARRETT

'Twas a great day at Burningtown When we all got back together; It was June time, it was noon time, 'Twas clear and pleasant weather. Thirty years had passed and gone, Since we at home had greeted, Each other, at the festive board, Or at its leaf been seated.

But somehow, through these fleeting years The heart strings had been straining, And tears sometimes would fill our eyes And leave a trace of staining. Just longing for Old Burningtown, Our souls were always yearning

And for each one's returning. One Sunday morning, late in June, Our cup of joy ran over, When we assembled, one and all, Each wanderer and rover. The urge of sweet impelling love Had brought us home together, From o'er the distant hill and plain, Regardless of the weather.

And somehow, at old Burningtown, On that rarest, sweet June day, We forgot all about our cares And empires far away, And only thought of childhood joys Before that sad dark day, Which called to distant lands and climes, Those with whom we used to play.

So we held a great reunion, At mother's dear sweet home, On the banks of the Burningtown, For all the folks who roam; And we held a festive greeting That was pleasant to behold, And the bliss of this reunion Spread to all the young and old.

But I'm thinking of the future, On the sunny banks of time, Where we'll hold a grand reunion In a sweeter, better clime, Of home and heaven and mother, Where we'll never say good by, When we hold that grand reunion, In the big home, in the sky.

IN THE BATH ROOM

Even the bathroom now feels the ensemble urge. Towels, and wash cloths come in sets of assorted sizes.

Club Women Plan For Four Booths

The meeting of the Women's club was called for Monday, June 30, instead of the regular time, July 7, in order that the plans for the Fourth of July might be completed.

The main object of the Women's club at present is to raise the necessary funds for the building of a community club house, and as one means of raising these funds it was decided to erect refreshment booths at various points on Main street, at which booths sandwiches, cold drinks, ice cream and cake will be sold July 4.

Committees have been appointed to take charge of these booths, three of which will be on the public square, and the other on the lot next to Anne's Gift Shoppe.

Since the community house, when built, will be for the use and benefit not only of the town, but of the county at large it is hoped the club will have the cooperation and patronage of the public.

TOBACCO PESTS BOTHER GROWER

County Agent Sloan Tells How To Eradicate Bud Worms

Bud worms and cutworms are the predominant tobacco pests with which Macon county farmers are having to contend, according to County Agent F. S. Sloan. These pests, Mr. Sloan says, are the chief destroyers of tobacco in Western North Carolina.

"Tobacco bud worm damage," said Mr. Sloan, "is caused by the corn ear worm. The best known control is the poisoned corn meal bait, prepared from one pound of arsenate of lead added to 50 pounds of corn meal. Bait in small amounts may be prepared by adding six heaping teaspoonfuls of arsenate of lead to one peck of corn meal. The poison should be carefully mixed with meal without

should be applied to each acre. "Make applications early in the morning when the tobacco bud is open. A small pinch of poison should be dropped into the center of the bud. Best results will be obtained by placing the bait directly on the tip of the plant. Applications should be begun 10 days or two weeks after the plants are set in the field, and should be repeated every week or 10 days until the plants are topped."

Mr. Sloan said that it is important that applications begin early. No substitute should be used for corn meal, the county agent emphasized, as the worm prefers corn to tobacco, and only arsenate of lead should be used for poison.

An excellent bait to kill cutworms, Mr. Sloan said, is one pound of Paris green mixed with 50 pounds of wheat bran and enough water to moisten the mixture.

"The bran and poison," according to the county agent, "should first be mixed in a tub while thoroughly dry, and should then be moistened with water until the bran is damp. The bran should be wet enough to crumble readily in the hand, but should not be sticky and by no means should be a soft mush. The bait should be broadcast late in the afternoon at the rate of 15 to 20 pounds (dry weight) an acre. It will be effective for several days, but should be repeated at once after a heavy rain. Do not allow poultry in a poisoned field."

Snow Hill Ladies' Aid Elects New Officers

The Ladies' Aid society of the Snow Hill Methodist church at its last meeting of the fiscal year on June 12, elected new officers, and made the annual report on its activities.

The society expressed appreciation of the work of the retiring president, Mrs. C. N. West, and of the retiring secretary, Mrs. John Ray.

The new officers follow: Mrs. H. C. Freeman, president; Mrs. Ethel Parrish, vice-president; Mrs. Fred McGaha, secretary and treasurer. The new social committee is composed of Mrs. C. A. Bryson, Mrs. J. L. West, Jr., and Mrs. J. B. Matlock. The new charity committee consists of Mrs. Robert Bryson, Mrs. Mayme Reynolds, and Mrs. Grady Owens.

There is the great big towel for the bath, the middle sized towel and the wee, small guest towel, and a wash-cloth to boot—or it may be only two towels and a wash cloth, but they match. Hanging next to such a set of orange color may be a green or lavender bordered set, on the same towel rack. It is a lonesome towel which does not now come in sets with its own little wash cloth; but two contrasting ensembles frequently hang peaceably together.

Mrs. McCracken Dies In Knoxville

Mrs. Frank McCracken, formerly of Franklin, died at St. Mary's hospital in Knoxville, Tenn., last Friday from a blood clot in the heart. Mrs. McCracken had been confined to the hospital for a week following the birth of her infant daughter, Nancy Virginia.

Funeral services were held at the Waynesville Baptist church on Sunday afternoon at 3 o'clock. A number of friends of the McCracken family from Franklin attended the funeral.

Mrs. McCracken was formerly Bertha Lee Cox of Seneca, S. C. She was born in Greenville, S. C., in 1890. She is survived by her husband and four children, Rufus LeRoy, Frankie, Walter and Nancy Virginia. Her father and mother of Seneca, S. C., also survive; two brothers, one of Atlanta, and Clifton of Six Miles, S. C.; two sisters, one of Tampa, Fla., and Mrs. M. L. Dender of Etowah, Tenn.
