plus cows and heifers.

Make your plans now to be here that day. Let's all hear, Dean Schaub and get his facts about agricultural conditions. It will help us in outlining our program for next year and also in deciding what phases of our farming present the best opportunities in the future.

This will be a day for information and a good time. Each family is asked to bring a basket of dinner so we can have a picnic lunch together. Dean Schaub and Mr. Farnham will speak in the morning and then after dinner we will have games, contests and other forms of amusement for everyone.

Hoping and expecting to see you Friday morning at 10 o'clock, August 29, at the camp grounds, I am,

Very truly yours,
F. S. SLOAN, County Agent.

DREADED NIGHTS; COULD NOT SLEEP

"It seemed like everything was the matter with me; I lost my appetite; my food didn't digest right and I was constipated and 'headachy.' I had rheumatic-like pains in my arms and shoulders and was so nervous I couldn't write my name. I dreaded for bed-time to come because of the sleepless hours I'd go through. Sargon rid me of every last one of my ailments, I sleep fine and have strength and energy I haven't felt before in years.

"Sargon Pills completely corrected my constipation without the least nausea or upsetting."—Mrs. America H. Hamby, 58 Vance St., Asheville. Perry's Drug Store, Franklin, N. C., Agents. (Adv.)

IDEAL LAUNDERING

A home economics college does its washing by the following method. It is a little too laborious, with its many rinses, but there is no doubt but that results would be ideal, and it is worth trying for particular pieces.

Cold soak for five minutes; wash in warm soap suds fifteen to twenty minutes, rinse in clear water three times, once in warm water and twice in cold then follow by a blueing rinse.
