

Items of Much Interest For Local Chamber of Commerce Members

A vote of thanks is extended Mr. Gilmer A. Jones by the Board of Directors for the loan of his large book rack for use in the Chamber of Commerce office for displaying folders, maps and miscellaneous literature. This rack is quite an addition to the secretary's office and is ideal for displaying folders and booklets from various parts of the country.

Commerce who dropped their membership some months ago have come back into the organization, which is especially encouraging at this time. On November 11 seven members' names were re-entered on the membership list. They were as follows: M. D. Billings, Clarence S. Brown, M. L. Dowdle, Lester Henderson, Dick Hudson, Grover Jamison and J. C. McGee.

Several members of the Chamber of Commerce who dropped their membership some months ago have come back into the organization, which is especially encouraging at this time.

for 10,000 pamphlets on Franklin has been reduced to \$29.00. Mr. Lyles Harris, to whom this obligation was made, very kindly gave the Chamber of Commerce a discount of \$20.00 on this account, which in view of the very slow response to monthly statements for dues, was most helpful to the organization. It is expected that the last \$29.00 due on this account will be raised and paid over to Mr. Harris within the next few days.

The secretary wishes to extend a word of appreciation to Mr. T. W. Angel, Sr., and to Major S. A. Harris, both of whom have done so much toward collecting delinquent dues.

The December issue of the Atlanta City Builder (several hundred thousand copies of this magazine are distributed over the city of Atlanta each month) is to contain several views in and around Franklin and a write-up by Mr. Dudley Glass, the editor. A few copies of this issue are to be in the office of the Franklin Chamber of Commerce within the next few days.

Plans are going forward for the Atlanta-Asheville motorcade to be held on December 13. Almost every day some communication is received from the Atlanta Chamber of Commerce telling of the progress of plans there. The George Vanderbilt hotel in Asheville is planning a royal entertainment for motorcade members in the evening. A banquet is to be held and a dance afterwards. It is hoped that a large number of Franklin citizens will join the motorcade at the Georgia line and, after their luncheon here to be served in the high school auditorium by the Franklin Woman's Club, will accompany the Georgia delegation to Asheville.

The Franklin Chamber of Commerce is slowly gaining ground. And to be gaining ground at this time of the year is the most encouraging thing that could happen. The Board of Directors have expressed a hope that more and more of the old members who have dropped out will return to the organization. In the early spring a drive is to be made for new members also.

Baptist Church News

On Wednesday evening, Nov. 5, the B. Y. P. U. gave a program at the prayer meeting hour. Johnnie Rogers, who is general president of all the B. Y. P. U. organizations of the church, had charge of the program. Those taking part were Miss Virginia Cunningham, using as a topic for discussion, "The Supreme Object of the B. Y. P. U.;" Miss Helen Grasty using as a subject, "When and How to Choose Life's Work;" and Mr. Dady, who spoke on "The Old Moss Back," and during his discourse declared that there could be young Moss Backs as well as old Moss Backs. Next was an open discussion on "Why We Go to Church." Many good reasons were given.

At church service Sunday morning Mrs. Boyce Munday sang a solo accompanied by Willie Mae Ledford at the piano. It is hoped that Mrs. Munday will come again, for her singing is very much enjoyed. A male quartette was rendered by Messrs. Dady, Dalton, McCullum and Wilkie which was enjoyed by all present. The writer feels like tipping his hat to these young fellows who so willingly take an active part in church services.

The attendance at Sunday school has not been so good for a few Sundays. Is it possible we are going into winter quarters this early? Let's hope not, and everybody come next Sun-

Bill Cunningham Shaves 'Em Again

Some people believe in letting well enough alone.

BILL CUNNINGHAM DOESN'T!

Bill believes that when a thing is what the public calls square it can be made a little bit squarer. In other words, when prices are at the bottom Bill says he can put them just a little bit lower and still stay in business—making at the time more profit than the other merchants by his increased volume of sales.

And when Bill Cunningham gets an idea he sees it through!

So the record-beating prices at Cunningham's Store are now just a little bit lower. A nickel off here and a dime off there. Not a whole lot on any one article—but it counts up for you people who trade here month in and month out.

Below are a few items listed at especially close prices. There are hundreds more in the store. For here is Bill Cunningham's guarantee: Whatever you want, Bill Cunningham guarantees to sell it to you AS LOW AS ANY MERCHANT IN NORTH AMERICA! That's a big order, but the proof of the licker is the head you have the next morning!
