WHAT I AM THANKFUL FOR

I am thankful for the breath we breathe
The sunshine and the rain
And all the blessings we receive
And every earthly thing.

For every pumpkin in the patch,
The apples on the tree
And every chicken that can scratch;
They sure look good to me.

But last of all with love and cheer
I wish not to amuse
I want the world and all to hear
I am thankful for your shoes.

T. F. RAILWAY REDUCES CLASS FREIGHT RATE

(Continued from page 1)

"Their competitor, the motor vehicle-carrier, is largely the master of its own scale of rates.

"The railroads are common carriers. They have no election in respect to what they transport. It matters not whether the commodity tendered will yield a profit or involve a loss, there rests upon them the primary obligation to serve, and all other considerations must yield to this paramount public duty.

"The motor carrier exercises the right of election and selection as to what it transports and seeks only to carry that which will yield it the highest monetary return, or in common parlance, 'the cream of the business.'"

The Tallplah Falls railway, 58 miles in length and extending from Cornelia, Ga., to Franklin, is a branch of the Southern, and is headed by Mr. J. F. Gray who was made receiver of the road about six years ago. This road is one of Macon County's greatest assets and it will be of much interest to the citizens of this mountain section to learn of the reduction in freight rates.

As this is the only road touching Franklin it would almost throw her into desolation if it should cease to operate, it was pointed out.

CAMERON McRAE

PRESIDING JUDGE

(Continued from page 1)

BAD CONDUCT

In passing sentence upon Sam Green and Dan Stanford for stealing a cow Judge McRae said: "If you men had been model prisoners while here in jail you would have escaped the penitentiary; but your conduct since being brought here, and the things smuggled into the jail prove conclusively that you are bad men. It is my order that you be confined in state prison at hard labor for not less than two nor more than five years."

Just as we go to press Grady Reese was billed by the grand jury for murder of A. C. Woods, in the first degree.
