

FINE PAGEANT IS PRESENTED

The Dawning, Given at Baptist Church, Is Big Success

The young people of the Baptist and Presbyterian churches united last Sunday evening in the presentation of a beautiful Easter pageant at the Baptist church. The pageant was "The Dawning" by Lyman Bayard.

By means of the dialogue the outstanding objections to the Resurrection are stated and convincingly answered. The most difficult part in the pageant—that of the Roman centurion—was very creditably taken by Mr. Roy C. Dady. Those who played the roles of John, Mary Magdalene, Cleopas and Rhoda identified themselves well with the characters they portrayed. The work of the entire cast was well done.

Miss Wyatt, who directed the play, deserves to be congratulated upon her splendid work. Mrs. Peck was chairman of the costume committee and contributed much toward the success of the pageant. Miss Willa Mae Ledford was the pianist during the performance.

The cast of characters follows: Prologue, John Rogers; Peter, Roger Dalton; James, James Hamer; Andrew, John Fulton; Philip, Henry Wilke; Thaddeus, Raymond Dalrymple; Simon Zelotes, Ralph Dean; Matthew, George Slack; Thomas, Daniel West; James, the Less, Ralph Freeman; John, John Rogers; Centurion, Roy C. Dady; Cleopas, Edward Eaton; The Other Traveler, Clarence Henry; Julius, Dick Conley; Lame Man, Daniel West; Nicodemus, James Wurst; Joseph of Arimathea, Edwin Cunningham; Mary Magdalene, Alba Peck; The Other Mary, Josephine Hudson; Salome, Elsie Jamison; Joanna, Virginia Cunningham; Rhoda, Georgia Dady; Jerusalem Women, Calloway, Moore, McGauley; Jerusalem Boys, Horsley, Wurst, Bulfin, Cunningham; Jerusalem Girls, Peck, Baldwin, Bryant, Cunningham, Jamison.

POPULARITY OF BASEBALL FOUND TO BE WANING

Baseball is losing its hold on the American boy, according to a survey made by the Boys' Club Federation of America which embraces 253 Boys' Clubs with a membership of nearly 250,000.

In many communities boys are abandoning baseball because of lack of places to play and because of cost of equipment. Boys in many cities, according to the survey, are playing "indoor baseball" out-of-doors because only one large, soft ball and one bat and no gloves are required.

In cities where local citizens have provided baseball fields and furnished the boys with baseballs, bats and gloves, regulation baseball is still as popular as ever.

"If owners of the major and minor leagues are interested in the American boy's attitude toward baseball," said C. J. Atkinson, Executive Director of the Boys' Club Federation, "they should concern themselves not so much with the boys' lack of interest as with the fact that they need a place to play and some equipment. For example, used baseballs could be turned over to Boys' Clubs with athletic fields."

The survey shows also that "Babe" Ruth is the most popular boy's hero in communities where baseball is played but in those cities where boys have no place to play baseball, they regard Colonel Charles Lindbergh as their hero.

The Boys' Club Federation is an organization which encourages the establishment of Boys' Clubs in neighborhoods of cities where there are the largest number of underprivileged boys.

TWO CANDIDATES SEEK MAYORALTY AT HIGHLANDS

The candidates for the municipal election in Highlands so far as announced are for mayor, W. S. Davis, the incumbent, and J. A. Hines.

Several of the present members of the town council will be on the board and the names of several more new candidates for the council will be added.

RAINBOW SPRINGS BOY IS HONORED AT CHAPEL HILL

W. C. Medford, of Rainbow Springs, was elected vice president of the student body at the University of North Carolina, at Chapel Hill, in the campus election held Tuesday of last week, according to word received in Franklin.

Horace Kephart and Close Friend Die in Auto Wreck

Two Widely Known Writers Buried Together at Bryson City

BRAYSON CITY, April 7.—The bodies of Horace Kephart, the "Golden Voice of the Highlands," and his close friend, Fredwood Tarleton, Georgia, novelist, died side by side in the Bryson City cemetery looking out over the mountains Mr. Kephart had just minutely, perhaps, than himself.

The two were killed last Thursday night in an automobile wreck near Fly, a few miles from Bryson City. The driver of the car, R. P. Brown, was taken to the local hospital seriously injured. He was placed under arrest. At about the same spot three other men were killed several years ago.

There were no witnesses to the crash Thursday. A Mr. Elliott, who is connected with the Nantahala Light and Power company was the first to reach the scene after the crash. He found that the car after leaving the highway had rolled over three or possibly four times. Mr. Kephart had been thrown clear of the car about 30 feet and had apparently been instantly killed. Mr. Tarleton had remained in the machine and was crushed beneath it. The driver was thrown clear, striking his head in such a manner that his skull was fractured.

Mr. Elliott went to the nearest telephone and called Bryson City for doctors and an ambulance. Dr. B. R. Bryson responded and after determining that Mr. Kephart and Mr. Tarleton had been instantly killed, had Brown taken to the hospital in Sylva.

Friends from hills and the cooves, from towns and cities and from other states came here to pay last tributes to the memories of Kephart and Tarleton. Every friend and neighbor of Horace Kephart who could, came to Cooper house, his home for 21 years, to gaze for a last time upon his features, and to follow the body from Cooper house to the school auditorium for the touching service preceding burial.

There were two services—the first at 1 o'clock at Cooper house for Mr. Tarleton; the second a more elaborate funeral, at the auditorium for Mr. Kephart. Both services were conducted by the Rev. Dr. James T. Gillespie, of Decatur, teacher of Bible at Agnes Scott college, assisted by the Rev. O. J. Jones, pastor of the Bryson City Methodist church, and the Rev. Dr. R. L. Cread, pastor of the Bryson City Baptist church.

A short time before the body of Mr. Kephart was moved to the auditorium for the service, members of his family were left with it alone. His widow, Mrs. Laura Kephart, of Norfolk, Va.; his daughter, Mrs. Lucy Kephart Furrow, of Ithaca, N. Y.; his sons, Leonard Kephart, of Washington, D. C., and George Kephart, chief forester of the state of Maine, and his grandson, George Kephart, Jr., reached Bryson City by automobile early in the day.

Outlet for Skimmed Milk Offered by Cottage Cheese

Profitable utilization of milk by-products is now more important than usual to the farmer and the dairy industry, and the Bureau of Dairy Industry, U. S. Department of Agriculture, is trying to find profitable uses for skim milk, says O. E. Reed, chief of the bureau.

"In one year's volume of dairy by-products, which includes skim milk, buttermilk, and whey—skim milk being by far the most important—there is about 900,000,000 pounds of valuable food protein, a large part of which is not used to the best advantage," says Mr. Reed. "Cottage cheese, which is made from skim milk and which is largely protein, is, when properly made and merchandized, one of the most profitable outlets available to the dairy-products plant for utilizing the skim milk. In the past many plants have lacked a standard method for making a uniform, high-grade cottage cheese. The Bureau of Dairy Industry has, by experimental work both in the laboratory and on a commercial scale, demonstrated a method which has consistently produced excellent results.

"This method produces what is called the low-acid rennet-type of cottage cheese. When this type is made properly it has a rich, creamy appearance, a low acidity, good keeping qualities, and distinctive curd particles, and is a product attractive to the consumer.

"The bureau is issuing a mimeographed circular which gives detailed information on how to make this type of cottage cheese. The title of this circular is 'The Manufacture of Low-acid Rennet-type Cottage Cheese.' Copies may be obtained free by writing the Bureau of Dairy Industry, Department of Agriculture, Washington, D. C."

PRIZE AWARDS NOT CHOSEN IN CAMEL CONTEST

WINSTON-SALEM, April 8.—The appearance of a number of fake telegrams falsely notifying individuals in various sections of the country that they have been awarded one of the prizes offered by R. J. Reynolds Tobacco company in the Camel cigarette contest, has led officers of the company to issue this statement:

"We have learned through numerous letters, telegrams and newspaper articles that practical jokers in some sections of the country are sending telegrams purporting to come from us notifying individuals that they have won a prize in our \$50,000 cigarette contest," the statement said.

"We regret the appearance of these hoaxes and wish to assure contestants and the public generally that no prize selections have yet been made. In fact it will be several weeks before the judges and their staff can possibly make selections.

"Approximately a million answers

were received in the contest. Obviously a fair reading of so many letters requires a considerable period of time. Every letter is being given a careful reading. Those with special merit must be studied.

"We want to thank all who entered the contest and to ask them to be patient. Several more weeks must elapse before the judges can render a decision. The names of all winners will be included in our formal announcements just as quickly as the letters can be examined and selections determined."

TRADE WITH J. W. HASTINGS

I want to tell you where to trade Before you hit the town-hill grade— Two doors from the railroad station A man who helps to feed the nation.

I do not know where he buys But what he sells would win the prize— Corn meal, and oats, and hay, and fodder And all the rest I'll say he's got 'er.

Don't take my word; just go and try him Or you'll regret if you pass by him.

His name is high upon the wall; You cannot miss it, friend, at all.

Call on him once before you steel And how much better you will feel; From that time on you'll stop your wastings When you meet our brother, Mr. Hastings.
