Local Hospital By Friend

A much needed addition to the e uipment of our hospital was recently made by the gift of the best and most modern oxygen tent manufactured.

The hospital and the people whom it serves are grateful to Mr. Shepard Saltzman, president of the Piedmont Shirt Company, Greenville, S. C. for h 5 generosity in making this gift. It was one thing we needed to help save lives that might otherwise be lost.

With a new and modern x-ray ar e ectric elevator, an incubator and last but by no means least, this much needed oxygen tent, we feel that the equipment in this hospital is second * none in the state. It is through the generosity of such men as Mr. Saltzr.an and others that these valuable additions have been made possible, and to them we wish to here express our deep felt appreciation.

I am greatly pleased with the success of the Fifth War Loan Drive in Jackson County, I am proud of the patriotic response of the citizens of our county and I am greatly indebted to the Township Chairmen and other bond workers for their untiring efforts in making the 5th War Loan Drive a wonderful success.

I wish to remind the people of our county that the sale of Series E Bonds will continue and that all Series E Bonds bought during the rest of July will count on the 5th War Loan Drive. Some townships have not yet made their quotas. Those townships that are behind still have an opportunity to make their quotas during the rest of July by the purchase of Series E. Bonds. It is hoped that the people will keep on buying bonds and that every township in our county will make its quota and go over the top before the end of July,
