ALF SMITH JACKSON COUNTY'S AUTHORITY ON BEST METHODS FOR GROWING BERRIES

By John Corbin, Instructor
Vocational Agriculture
Mr. Alf Smith—Sylva's strawberry man.

Ask anybody about strawberries in and around Sylva and they will immediately refer you to Mr. Alf Smith, of East Sylva or Dillard Town. That is the way it should be for Mr. Smith has more strawberries, knows more about them, and has done it for a longer time than anybody in the community and so far as I know in the county. Mr. Smith says that he has had about seventy years experience with strawberries and yet he is not near that old a man. It came about this way: he worked for a strawberry man about 20 years who had had 30 years experience with the berries and then Mr. Smith has been growing them himself about 20 years. Mr. Smith has about three or four acres in the crop and spends all his time with them and a few other vegetables he likes to grow. He really lives with his berries from early till late. In fact he has a little harvesting house in the field where he does his crating, packing, etc., with a well in the yard and a cot in the house to rest or sleep on if necessary. Mr. Smith knows his trade as few people know their business and he believes in the berries and says that the men who visit his field in May when the berries are ripe had better either leave their wives at home or bring their pocket book along for the women will sure want some of his big luscious Big Joe's, Fairfax or Premier.

Jackson County is admirably adapted to growing this crop. Our small fields, rich soil, stoop land and climate make this one of the best crops for us to engage in. The money returns per acre will equal crop, a small plot of ground will be enough to start with, you do not need any machinery and you couldn't use it on our steep land if you had it, most land is rich enough without fertilizer, any kind of labor will do even children can help, steep land facing the southeast is the best and that is the kind we have, the work is pleasant because you can eat them while picking without cooking, the market is good. Everybody likes the berries and will buy them and the marketing facilities are good for even a child or woman can carry many dollars worth down the side of the mountain to the railroad or highway.

The leading varieties are Premier, Dorset, and Fairview. During Nov. 1945 is the best time you will ever have to start your strawberry growing. Set them on the ridges where you dug potatoes, the plants 15 inches apart. Another year you will have enough of your own plants to enlarge your patch. Yes, I know you have a patch of wild berries where you and the children go, eat and can from each year but that just proves that they will really grow here if you will use improved varieties and help them a little. Yes, Mr. Smith will help me tell you all about them if you will come to see us.

Only four states have shown a decrease in the number of chickens raised this year. The states are Virginia, North Carolina, Georgia, and Tennessee.

Since wheat prices are to be supported at 90 per cent of parity for two years after the war, more wheat may be grown than can be profitably marketed, says a report.

Margaret Malloonee of Candler; Opal A. Whitson of Ramsaytown; Nancy Wright of Asheville; Ella F. Hooper of East LaPorte; Betty McMahan of Asheville; Lucille Vallin of Stocksville; Madrie Gallo-way of Rosman; Daphne Goodman of Marion; Mable McCracken of Waynesville; Joe Anne Barrett of Dillsboro; Earl Elliott of Marion; and Monte Harie.

Asbury Carden Returns Home

Asbury Carden, MM 1-c, arrived home Monday from Norfolk, Va., where he had been given an honorable discharge from the U. S. Navy after three years service. He joined the navy in 1942 and was assigned to the troop ship USS General Pope which carried troops to Europe, South Pacific, Asia and the far East. His last trip was to Japan and while there he visited Yokohama and Tokyo.

He is the son of Mr. and Mrs. Arthur Carden and is married to the former Miss Mildred Brendle. At the present they are visiting at his parents' home.

Mack Ensley Lands In California

Mack Hayes Ensley, F. 1-c, brother of Mrs. Lee Walker and Misses Arbie Sue and Bobbie Nell Ensley of Sylva, landed in San Pedro, Cal., Oct. 15th after a year spent in the Pacific battle area.

He served aboard the USS Nevada and took part in the invasions of Iwo Jima and Okinawa. He expects to get home soon to spend a furlough with his sisters.

John Woodford Parker, son of Mrs. Grace Zachary Parker, has just been promoted to the rank of sergeant.

Sgt. Parker entered service in March, 1943, and was sent overseas in Feb., 1944. He received his training at Fort Jackson, S. C., and Camp Pickett, Va.

Funeral Rites Held For John W. Shelton

Funeral services were held for John W. Shelton, 76, who died Oct. 29, at the Cullowhee Baptist church, Oct. 31, with the Rev. Mark Osborne, officiating.

Mr. Shelton was a son of the late James Wesley Shelton, a color bearer in the Civil War. He was a member of the church and had been a faithful Christian for the past thirty years.

He is survived by one daughter, Mrs. Walter Shelton, two brothers, L. L. Shelton, all of Cullowhee, three sisters, Mrs. Sally Melton of Argura, Mrs. Annie Woodall of Buck Creek and Mrs. Margaret Alexander of Brevard, three grandchildren; Mrs. Berlin Ashe, Mrs. Jesse Cline of Cullowhee, and Pfc. John Walter Shelton, who is serving with the armed forces in Japan, and one great grandson, Arnold B. Ask.

The pallbearers were Julius Shelton, Harley and Gordon Shelton, nephews of the deceased, also Tommy Barnes, Jake Phillips, and J. D. Coggins.

Flower girls were Nan Shelton, Christine Shelton, Bessie Bee Ashe, Lottie Houston, Irene Phillips and Ruth Ensley.

Moody Funeral Home was in charge of the arrangements.

It's Big-It's Beautiful-It's BUICK

THIS, we reasoned, is no time to offer folks a car that stops with artful face-lifting. It has been nearly four years since our last new Buick was built — it wouldn't be shooting square now to give you less than our honor-bright best. So we overhauled our whole factory to advantage it with the latest in war-developed machines and processes. We scoured the country for the stoutest metals anyone can buy today. We set ourselves precisions that in some cases exceed those of aircraft engine production. And we eagle-eyed every one of this Buick's 12,000 parts to see if it could be bettered in any way, big or little. The result is that through every stunning inch of this bright new honey runs solid, dependable Buick character, honest and uncompromised. It's in swift clean lines. In seats that are three-persons wide. In stout, time-defying frames and underpinning. Above all — in the lift and life of a Fireball straight-eight that's even livelier than in 1942. The cars your Buick dealer will have are big. They're beautiful. They're Buicks. In fact — the best Buicks yet!
