GAY NEWS

HOUSEHOLD SHOWER GIVEN MR. AND MRS. JONES

Mrs. Robert Jones and Mrs. Leonard Cope honored Mr. and Mrs. Robert Jones, Jr. with a household shower on Saturday night, May 10 at 7:30 o'clock at the home of Mrs. Jones. A large number of friends were present and many lovely gifts were presented. After opening the gifts refreshments, consisting of sandwiches, cake, coffee and punch were served.

Those attending the shower were: Mr. and Mrs. John C. Jones, Mr. and Mrs. Robert Jones and children, Mr. and Mrs. Linden Buchanan, Mr. and Mrs. Fred Bryson, Mr. and Mrs. Leonard Cope, Ruby and Myrtle Hyatt, Evelyn Hyatt, Marcella Bishop, Peggy Nell Bishop, Mr. and Mrs. Quinton Bishop, Mrs. J. C. Browning, Laura Browning, Howard Buchanan, Monroe L. Wilson, Charlie R. Wilson, Andrew Wilson, Mrs. Iris Hall, and daughter, Mrs. Ralph Thorough, and Mrs. Al Guffey.

Others sending gifts were: Mrs. Walter Wilson, Mr. and Mrs. A. C. Wilson, Mrs. Will Bryson, Mr. and Mrs. Sam Buchanan, Margie Lee Guffey, Mr. and Mrs. R. O. Hodgdon, Mr. and Mrs. Homer Jones, Mrs. Joe Bishop, Mr. and Mrs. Edgar Bishop, Marie Hyatt and Maletta Woodard.

The Rev. Herbert Rogers, of Asheville, is running a revival at the Zion Hill Baptist church. Large crowds attend and enjoy the services.

Mr. and Mrs. H. A. Williams of Speedwell spent the week-end visiting friends in this community.

Mr. and Mrs. Charles Rogers of Ellijay are spending a few days with Mr. and Mrs. Jim Rogers and Mr. and Mrs. Frank Rogers.

DDT dust has been found by the USDA to be a low-cost and practical protection against the dog tick that carries the serious disease, Rocky Mountain spotted fever.

HIGHER YIELDS MEAN INCREASED PROFITS

Tests conducted by the N. C. Agricultural Experiment Station have shown that soybean producers must follow certain cultural practices to get the kind of yields that mean profit.

The application of lime and fertilizer to the soil, in most of the 1946 soybean experiments, regardless of whether the soil was naturally poor, moderately rich, or very rich in these nutrients, resulted in increased yields.

The recommendation stemming from this finding is that the producer have his soil tested to determine the exact needs of it. Once these needs have been determined, lime in the amount specified should be applied.

The standard fertilizer treatment, and the one found most effective in the tests, is 400 pounds per acre of 0-10-20 or its equivalent, applied at planting. This season, the research workers say, it may be necessary to use 0-12-12.

Application of the fertilizer calls for special care. If placed too near or in contact with the seed, it may injure the stand. For this reason growers are advised to put their fertilizer in bands to the side and slightly below the level of the seed.

The Experiment Station has found that Ogden and Roanoke are, from every standpoint, the soybeans best suited to North Carolina conditions. In the Upper Coastal Plain and in the Piedmont, the Roanoke variety has been most successful. Ten to 12 seeds per foot of row is the best seeding rate for these varieties.

It is estimated that farmers today are using less than two-thirds as much labor per unit of product as they did in 1920.

RED CROSS FUND DRIVE REPORT FOR '47

Below we give figures showing quota and amount raised by each school district in Jackson county. Have not received report from Glensville school up to this time, however, Glensville District reports case of Minigitis in that section that has been taken care of by the District and have not put on drive as yet.

School	Quota	Amount Raised
Sylva High	\$100.00	\$ 50.00

Quota for Jackson county 2118.00

14.28

We are very grateful to those who helped so earnestly in this drive.

Sincerely,
Jackson County Chapter American Red Cross. A. J. Dills, Fund Chairman.

Increased sugar allotments for restaurants, hotels, hospitals and other institutional users, effective for the May-June allotment period will amount to approximately 25 per cent.

Remodeling Offices In Cole Building

Carpenters began work last week remodeling the office rooms on the second floor of the Cole building. Officers will be provided in the rear on the second floor for Mr. Dan K. Moore and Mr. Hugh Monteith, local attorneys. The rooms on the front formerly occupied by Attorney M. V. Higdon and Mr. Monteith will be remodeled and equipped for occupancy by Dr. T. D. Slagle, who will return to Sylva the last of May after completing a post graduate course in New York.
