

**Rotarians Entertain Rotaryanns
And Guest At High Hampton Inn**

An evening of genuine entertainment and fellowship was enjoyed Tuesday evening when the Sylva Rotarians entertained their Rotaryanns and a number of guests at dinner at High Hampton Inn.

Following the delicious dinner the invited guests were recognized and lovely handmade towels were presented to the ladies attending. The towels, some of which the patterns were designed by Miss Ethel Garnett of the Cherokee reservation, were made in the crafts department of the Cherokee school. Miss Garnett was given special recognition. Mr. W. E. Ensor, outgoing president, recognized the officers who had served during the past year and presented Dr. H. T. Hunter who spoke in memory of Mr. Claude Allison and Mr. Charles Gulley, who passed away during the past Rotary year.

Dr. D. D. Hooper, the incoming president, accepted the gavel from Mr. Ensor signatory of his installation into service for the new year. As Dr. Hooper's first official act he presented Mr. Ensor with the past president pin and complimented him on his splendid service during the past year, also for his thirteen years attendance without a single absence. He then named the directors and committee chairmen to serve during the year.

Dr. Hooper then presented Mr. John Worth McDevitt who introduced Dr. D. W. Daniels of Clemson College, S. C., guest speaker. From the moment Dr. Daniels rose to his feet till he concluded he kept the party in an uproar of merriment and laughter. Although a jocular speech, Dr. Daniels enriched his remarks with words of saneness and warmth, quoting with feeling and eloquence poetry suitable for his announced subject, "People," the most important thing in the world.

Following Dr. Daniels' talk, the president recognized Mr. E. L. McKee, owner of High Hampton Inn, and announced that Mr. McKee had secured a number of string band musicians to entertain the party as a closing feature of the evening's program. About 200 were present for this most enjoyable occasion.

**LIVE
AND
LET LIVE**

THE PRESIDENT OF THE UNITED STATES: "The problem of lowering the highway death rate remains one of the nation's most serious problems. It is an appalling fact that 33,500 American citizens were killed in automobile accidents in 1946. I therefore call upon every State and every community in the land to work unceasingly through 1947 to promote highway safety."

"Laws and regulations will be of little avail unless the individual driver holds himself strictly accountable to his own conscience."

That call is to you personally to cooperate as a citizen of the United States in helping reduce highway accidents. It is a shameful record when in one year 33,500 lives are sacrificed; 1,150,000 persons are injured and \$750,000,000 in property destroyed, resulting in an economic cost to the nation of \$2,000,000,000 because of careless, reckless driving.

It is a national problem, but essentially the solution is in your hands. Drive safely — live and let live!
