Brown Pitches Legion To Victory Over Hiawassee 2-0

Brown, Sylva's fireball pitcher, pitched the American Legion to victory over a strong Hayesville-Hiawassee all-star team July 4th 2-0. Brown retired the first 16 batters to face him without giving a first base ticket. He was touched for four safeties in the remaining innings but kept them well scattered. The only trouble he had in the game came in the 6th inning when Hayesville-Hiawassee loaded the bases with no outs. Brown struck out the next batter and the following batter hit into a double play. Sylva then scored their two runs in the last half of the 6th to put the game on ice.

NORTH CAROLINIANS MAKE LARGE GIFTS FOR WORLD NEEDY

North Carolina leads the country in the amount of goods given for overseas relief through Church World Service in the first half of 1947. Exactly 510,000 pounds of clothing, shoes, bedding and other vital supplies have been contributed by North Carolina people for the relief of need abroad since January 1, 1947. North Carolina also holds the lead in the per capita giving of its citizens. Individually, North Carolinians have given more than the people of any other state.

Results of the statewide drive for relief clothing in North Carolina continue to flow into the Church World Service Center at New Windsor, Maryland. Weekly, towns and cities all over the state add tons of goods to their record of giving. The week of June 22, 51,000 pounds of clothing, shoes, bedding and other relief supplies were received at the Center.

On a tour of the New Windsor Center last week, Rev. Ernest J. Arnold, Executive Secretary of the North Carolina Council of Churches watched the processing of clothing which is carried on at a rate of 130 one-hundred-pound bales a day. Mr. Arnold declared that the packing and shipment of clothing through New Windsor was being done with efficiency and speed.

The successful North Carolina drive, which was headed up by Rev. Henry G. Ruark of the University Methodist Church, Durham, has inspired other states throughout the nation to launch similar campaigns for relief supplies. These are to be held during the coming winter and next spring.

The need for clothing throughout this fall and winter will be intense, according to relief workers in Europe. The clothing shortage has reached a crisis as, with factories destroyed or without raw materials, homes burned and bombed with all surplus clothing in them, and with continuous hard wear

and inadequate cleansing, the few clothes people had are worn to rags. The only supply of clothing to which these people can turn is the surplus of American homes.

Adding to the contributions already being made, Mr. Arnold has announced that initial plans are now being made for community-wide collections of relief materials throughout North Carolina next spring and winter. By then, thousands of destitute people will have received help through the generosity of North Carolina people this
