Legion Wins Shut-out In 12 Inning Thriller Vs. Hiawasse

A shut-out and a twelve-inning thriller brought the American Legion baseball team one victory and one loss on Saturday and Sunday. Brown easily pitched Sylva to a 14-0 win over Hiawasse on Mark Watson field in Sylva on Saturday, with Smith catching. Cunningham and Rector shared the pitching post on Sunday in a game which stretched out to 12 innings before Marble was able to make the winning run. Smith again was catcher for the Marble game at Marble. Sylva, hampered by several absences, was unable to come back to tie the game, which ended with the score 12-11.

Future games will all be played on Saturdays and Sundays, according to the schedule arranged for the second half of the season. Sylva will play Hayesville at Hayesville at 3 p. m. on Saturday, and will meet Andrews here on Mark Watson field at 3 p. m. on Sunday afternoon.

It's been in your Pocket

You've dropped it in the collection plate on Sunday.

You've used it to pay the butcher, the grocer, the tax-collector.

You've used it to swell your savings account, to educate your children, to build your home.

For it's one of the millions of dollars the Southern Railway System spends in the South every year . . . dollars that find their way to you through your banks, your stores, your business, your job.

Over half of all the dollars we take in begin their journey to you in the pay envelopes of our 50,000 em-

ployees. Others go direct to the South's industries and farmers to buy the materials and supplies we use. Some become tax money, helping to foot the bills for schools, highways, airports, fire departments and other governmental services.

In many ways over and above providing an efficient, dependable, economical, privately-owned transportation service, the Southern helps to prime the South's economic pump—and thus puts dollars in your pocket.
