

Cullowhee GI Farm Trainees Taken On Tour Of Farms

By John G. Farley
Asst. Agri. Teacher

The Veterans enrolled in the Cullowhee farm training program made a tour of farms in the Qualla section last Tuesday for the purpose of observing good farm practices carried out in that part of the county. The tour was arranged by M. L. Snipes, county agent, for all interested farm people.

The first stop was at the Qualla School where Mr. Dobson and Mr. Goldston, Extension Service Specialists, discussed pasture improvement methods in the mountain section, especially emphasizing proper fertilization and seed bed preparation.

The next place visited was the farm of Crawford Shelton where great improvement had been made on a pasture by cleaning off the brush, and applying lime and phosphate, and reseeding.

From there the group went to the Horace Howell farm where they saw evidence of a well planned farm program shaping up. In addition to modern home conveniences such as lights and running water, a large livestock barn that had been well planned was seen. The large hayloft was already partly filled with good alfalfa hay which was growing so well on this farm.

Seeing improved methods put into practice should help many veterans in planning a better farm and home program for themselves.

Annual Birthday Picnic Held By Parker Family

Mr. J. D. Parker's eighty-sixth birthday last Sunday was the occasion of the annual picnic and reunion which is held on that date every year by the Parker family. For at least the last twenty-five years they have not missed a single year having the celebration.

The picnic was held on the lawn of the Parker home under the shade of some large trees. Four large picnic tables were loaded with the food which the members of the family had brought. A large birthday cake, with eighty-six candles on it, which was placed on the center of the tables was the central decoration and gladioli were used on the tables.

Although he is eighty-six years of age, Mr. Parker retains the alertness of mind which many lose long before that time. He is still vitally interested in local, national, and international affairs and politics, and he never seems to spend any time in worrying over the past or the future, merely enjoying living in the present. He has kept his optimistic viewpoint. Still active in church work, he attends Sunday school as often as possible.

Mr. and Mrs. Parker had all of their children at home for the birthday celebration and many other relatives and friends, bringing the total number that were present to fifty-eight. The four sons and their wives are Mr. and Mrs. A. D. Parker of Sylva, Mr. and Mrs. F. E. Parker of Sylva, Mr. and Mrs. J. D. Parker, Jr., of Advance and Sylva, and Mr. and Mrs. Percy Parker of Sylva. The two daughters and their husbands are Mr. and Mrs. W. C. Reed of Kinston and Mr. and Mrs. Whit Davis of Biltmore.

The oil base for DDT used for industrial purposes is inflammable; therefore it is wise to put out all open fires when spraying with DDT.

Hog Ration Should Be A Balanced One

A number of hogs in the county have become ill due to lack of proper mineral elements in their ration, and also from lack of plenty of sunshine and green roughage, says county agent Snipes. Hogs, whose owners feared they had cholera, were found to be ill for this reason, local veterinarian has found.

Take the hog out of a close pen and put him where he can exercise in sun and shade with a balanced ration if you want to keep him healthy, says Mr. Snipes.

R. Hastings, sister of Mrs. Latham, Mrs. W. G. High and daughter, Jane, of Spartanburg, S. C., arrived yesterday to spend several days with Mr. and Mrs. W. Q. Grigg. Mrs. High and Mrs. Grigg were room-mates while attending Winthrop College in Rock Hill, S. C.

"Be prepared" is a good motto for the good old summer-time, when guests are apt to drop in unexpectedly. So here are some delicious dishes you can fix at your leisure and keep in your refrigerator for such emergencies.

ICE CREAM
This chocolate ice cream made with rich WHITE HOUSE EVAPORATED MILK from the A&P is grand to have on hand. Shave 2 squares unsweetened chocolate into top of double boiler. Add 1 cup WHITE HOUSE MILK and 16 whole marshmallows. Cook over boiling water till well blended; cool and add 1/2 tsp. vanilla. Whip 1 cup chilled WHITE HOUSE MILK till stiff; fold into mixture. Pour into cold freezing tray and freeze at coldest setting. When partially frozen, stir well and continue freezing. Serves 5.

SALAD STANDBY
6 for lunch? Cook an 8-oz. package of A&P's ANN PAGE ELBOW MACARONI (see package directions); drain; chill; add 1 tsp. salt, 2 quartered tomatoes, 1 medium onion (chopped), 1/2 green pepper (chopped), 1 hard-cooked egg, 1/2 cup mayonnaise, 1/2 head Boston lettuce, pepper and paprika. Toss lightly.

SIMPLE SANDWICHERY
Sandwiches make perfect spur-of-the-moment snacks... and MARVEL SANDWICH BREAD makes perfect sandwiches. Guaranteed fresh daily, every loaf gives you plenty of thin, smooth-spreadable slices. You'll find this thrifty bread only at A&P. And what a find it is!

FROSTY FAVORITE
I don't think there's a more refreshing warm weather drink than rich, tangy A&P GRAPE JUICE mixed with an equal quantity of ginger-ale. And this heat beater looks as if it came straight from the North Pole when it's served, well iced, in glasses with frosted rims. To frost, I let the rims stand 1 minute in a saucer containing 1/4" strained lemon juice, then 1 minute in a plate containing 1/4" sifted powdered sugar... and, being careful not to jar the sugared rims, store the glasses in my refrigerator till the sugar sets. Inviting as an igloo!

DODGE

"DEPENDABILITY"

The word **DEPENDABILITY** was born in exclusive reference to the Dodge automobile, thirty years ago. It applies to Dodge today in exactly the same exclusive way, although the Dictionary now contains it and defines it.

The Dodge meaning of the word remains well fixed and proven. It means exceptional Style, Performance and Economy,—Today, Yesterday, and Tomorrow.
