Hogs Right-of-way -- Goes In Ditch

Driver of the car in the ditch failed to yield the right-of-way, even to an ambulance. He ran through a plainly visible stop sign, directly into the path of the ambulance, and was knocked across the road. Driver was killed, and a passenger was injured. Emergency vehicles always have the right-of-way—but at other times, too, it pays to be courteous at intersections. Failure to grant right-of-way ranked second as a cause of motor vehicle deaths in 1946. National Conservation Bureau advises: when in doubt, always yield the right-of-way.

That Nagging Backache

May Warn of Disordered Kidney Action

Modern life with its hurry and worry, irregular habits, improper eating and drinking—its risk of exposure and infection—throws heavy strain on the work of the kidneys. They are apt to become over-taxed and fail to filter excess acid and other impurities from the life-giving blood.

You may suffer nagging backache, headache, dizziness, getting up nights, leg pains, swelling—feel constantly tired, nervous, all worn-out. Other signs of kidney or bladder disorder are sometimes burning, scanty or too frequent urination.

Try Doan's Pills. Doan's help the kidney to pass off harmful excess body waste. They have had more than half a century of public approval. Are recommended by grateful users everywhere. Ask your neighbor!
