

GI Farm Trainees Are Given Winter Grazing Suggestions

By F. H. Brown, Jr., Asst. Teacher

Realizing that winter grazing is one of the most important parts of their feed production program, the trainees were given a suggested outline for establishing winter pastures. Experiment station recommendations and individual demonstrations were the basis for the suggested outline. When certain important points in plant growth and management are followed, grazing is possible through a great part of the fall, winter, and spring months. To promote more and better winter grazing crops on GI farms the following suggested outline was made:

(1) Select a good piece of land conveniently located to the barn or shelter. Drainage, fertility, and available water for livestock should be given consideration in making this selection. Well-drained areas are preferred over areas which become water-logged or areas where water stands for any length of time during rainy weather.

(2) Prepare the land 2 or 3 weeks before the winter grazing crop is to be seeded, which would be anytime after August 1. Apply lime when needed or where soil test shows low lime content. Lime is needed for all legume crops, and should be applied, if needed, before land preparation. Prepare the land in such a way as to leave most of the stubble or litter in the surface soil. Disking is one of the best methods to perform this operation.

(3) Just before planting apply broadcast or with drill 400-600

pounds of 6-8-8 or other high analysis fertilizer per acre. This should be uniformly distributed.

(4) Plant with a grain drill if possible, but in case of broadcast, be sure to sow evenly and cover uniformly. Grain should be covered approximately 1 1/2 to 2 inches deep. Crimson clover and rye grass should be sown separately and covered lightly, not over 1-2 inch.

(5) Roll the land after seeding with a cultipacker or roller. If neither is available, use a float or boarder. This step is important as it firms the soil about the seed and makes possible early germination.

(6) As soon as plants are up and have made some growth, top dress with 100-200 pounds of nitrate of soda or its equivalent. Depending upon the date of seeding and moisture this should be around November 1. Apply nitrogen material uniformly and when plants are dry.

(7) Do not begin grazing until plants have become established and have made 3 1-2 inches or more of growth.

(8) In late February or March, depending on the growth and amount of grazing, an additional top dressing of 100 pounds of nitrate of soda or its equivalent, applied uniformly, will prove to be profitable. Livestock should not be grazed immediately following the nitrogen application.

(9) The following three mixtures, rates, and dates of seeding were suggested:

(A) Rye grass, 30 pounds

HELP BUILD AMERICA'S AIR POWER ON AIR FORCE DAY, AUGUST 1ST

No one doubts the fact that the whole future of the United States may rest in the very clouds over your head. And the new organized Air Forces give thousands of eligible young men an opportunity to take an active part in building America's air power... on the ground as well as in the sky.

You may, for example, enlist in the Air Forces for three years. If you have a specialty which will qualify you, you may also be able to enlist in a grade at higher pay.

If you have had Air Forces experience, you may join the Air Reserve and continue your military aviation training outside of business hours.

Or, you may join the Air National Guard and perhaps become eligible for advanced technical training at special Air National Guard schools.

On Air Force Day, make a point of finding out everything about your Air Forces — especially the new Aviation Career Plan described below. Full details can be obtained at your U. S. Army Recruiting Station.

NOW—THE WORLD'S GREATEST OPPORTUNITY FOR A CAREER IN AVIATION

Today the Army Air Forces offer high school graduates an unprecedented opportunity to get the finest aviation schooling on earth—and select your school or course before you enlist.

The AAF Career Plan is unlike anything ever offered before. It permits selected high school graduates to apply and qualify for AAF specialized courses of their own choice. Simply go to your U. S. Army Recruiting Station, advise the Recruiting Officer the kind of aviation training you want and he will provide you with an application blank and a complete list of available courses.

When you are selected to attend the course of your choice, you enlist in the Army Air Forces for 3, 4 or 5 years. After your basic training period you are guaranteed the education you have selected to make you a specialist in the type of work you want.

Get a list of all the schools and courses open to you under the AAF Aviation Career Plan at your U. S. Army Recruiting Station.

At the Churches

Sylva Methodist
(The Rev. W. Q. Grigg, Pastor)
Sunday school will meet at 10 a. m., Gudger Crawford, superintendent.
11 a. m. Morning Worship by the assistant pastor, Mr. E. Steffner.
6:30 p. m., Youth Fellowship.

Sylva Baptist
(The Rev. C. M. Warren, Pastor)
Sunday school at 10 a. m., Howard Ball, Supt.
11 a. m. Morning worship, the pastor using for his subject, "The Christian's Sabbath."
B. T. U. at 7:00 p. m., Carl Corbin, director.
8 p. m. In the absence of the pastor Rev. Wilnot Story will occupy the pulpit.
Tuesday, 8:00 p. m. Prayer meeting.
Friday, 7:30 p. m. choir rehearsal.
Each Monday at 10:30 a. m. the Baptist Ministers' Conference meets here.

Cullowhee Baptist
(The Rev. Mark R. Osborne, Jr., Pastor)
9:50 a. m. Sunday School
11 a. m. morning worship, the pastor speaking on the subject, "Kindness Expressed".
4 p. m. Junior and Intermediate Training Union.
Wednesday—7:30 p. m. Mid week Prayer service
Choir rehearsals are customarily suspended during the month of August.

Cullowhee Methodist
(The Rev. R. T. Houts, Jr., Pastor)
10 a. m. church school.
11 a. m. Morning worship, the pastor speaking on the subject, "Follow Me".
4:30 p. m. the Youth Fellowship members will meet.
Each member is asked to bring a picnic supper.
The last two sessions of the Study course being conducted by the Ladies of the Woman's Society of Christian Service will be held at 7:30 p. m. on Wednesday and Thursday nights.

Sylva Presbyterian
(Rev. Edward B. Whitson, Pastor)
Services held in Episcopal church.
11 a. m. Morning worship by Rev. R. E. McClure, executive secretary of Asheville Presbytery, Asheville.
8 p. m. Evening worship by Mr. Whitson using for his sermon subject, "The Way Of Love."

- Crimson clover, 20 pounds
 - Oats, 2 bushels
 - (B) Rye grass, 15 pounds
 - Crimson clover, 15 pounds
 - Oats, 2 bushels
 - Rye, 1 bushel
 - (C) Rye grass, 20 pounds
 - Crimson clover, 15 pounds
 - Rye, 2 bushels
- Seed all three mixtures about September 1. Suggested oat varieties: Stanton Letoria, or Lee.
Trainees following these instructions should produce an abundance of much needed winter grazing in normal years. Winter grazing is just as important to the GI with beef cattle as it is to the one with a dairy cow.

J. C. Ensley Victim Of Accident Monday

J. C. Ensley suffered injuries Monday night when the car which he was driving got out of his control and ran into a car belonging to Kit Zachary, which was parked in front of the Jackson County Bank in Sylva. Ensley was immediately taken to C. J. Harris hospital.

He was probably a victim of fatigue, hospital authorities believe, because of a five-day trip from California that he had just made. Apparently he was not speeding at the time of the accident.

HOME AFTER TRIP TO LOURDES

ABLE TO WALK without the aid of her heavy braces, Sally Ann O'Leary, 12, who was paralyzed since birth, waves to friends as she arrives back in Pittsburgh after a trip to the shrine of Our Lady of Lourdes, France. She was accompanied by her mother (left) and Father James R. Cox (second from left). Her father, Daniel W. O'Leary (right) met them at the airport. The little girl removed the braces after bathing in the sacred waters in the shrine and took her first unaided steps. (International)

WEBSTER NEWS

Misses Betty and Judy, Davis have returned from Maryville, Tenn., where they visited relatives. They were accompanied home by their aunt, Mrs. Len Stanbury, and her two daughters, Carol and Gail, who visit them and their parents, Mr. and Mrs. D. D. Davis.

Miss Annie Louise Madison has returned home after spending last week at Myrtle Beach, S. C.

Miss Lucy Hedden has gone to Brevard to visit her brother and other relatives. Before returning home she will go to Pickens, S. C., for a visit.

Little Miss Irene Barker of Washington, D. C., is spending some time with her aunt, Mrs. D. D. Davis, and family.

A series of small bridge parties are being given honoring Mrs. Maurice Carlton of Wachula, Fla., guest of her mother, Mrs. Eugenia Allison, and Mrs. Len Stanbury, guest of her sister, Mrs. D. D. Davis.

Last week Mrs. J. B. Madison was hostess at two tables of bridge. Mrs. D. D. Davis won the high score award and Mrs. Woody Hampton the one for low score. Following the games Mrs. Madison served a sweet course. Those playing besides the hostess were Mrs. Davis, Mrs. Hampton, Mrs. C. E. Thompson, Mrs. Aline Bryson, Mrs. M. B. Madison, Mrs. Maurice Carleton, and Miss Annie Louise Madison.

On Monday evening Mrs. M. B. Madison entertained at her home. Two tables were arranged for play. Comparison of total scores showed Mrs. J. B. Madison to hold high score. She was given a prize and Mrs. W. L. Jones and Mrs. Len Stanbury won the slam prizes. Mrs. Carleton and Mrs. Stanbury were given guest prizes. Playing besides those already named were Mrs. Woody Hampton, Mrs. D. D. Davis, Miss Annie Louise Madison and Miss Hicks Wilson.

The hostess served a salad and sweet course.

Mrs. Joseph Bridgers of Mac-

Clesfield is spending some time with her daughter, Mrs. Claud Cowan, and family.

Mrs. George McClure and daughter, Alwayne, of High Point, have returned to their home after spending three weeks with her sister, Mrs. Lawrence Cowan, and Miss Mildred Cowan.

Mrs. Minnie Nipper of Lowell is visiting her father, Rev. W. N. Cook.

Mrs. Lawrence Cowan and daughter, Miss Mildred Cowan, were in Junaluska last Sunday to attend the wedding of Mrs. Cowan's nephew, Alna Hyatt, and Miss Jane Ferguson at Long's Chapel Methodist church.

Combination Licenses Now On Sale in Sylva

Combination licenses for hunting and fishing are now on sale at Sylva Supply Hardware, Chamber of Commerce, and the Allison Hardware Store.

Birth Announcement

Mr. and Mrs. Wendell Detty of Washington, D. C., announce the birth of a daughter, Gail Margaret, on Tuesday, July 22. Mrs. Detty, before her marriage was Miss Elizabeth Weller, daughter of Mr. and Mrs. Frank Weller, formerly of Sylva.

It is estimated that there were 24.2 million hogs over 6 months of age in the United States in June 1, which is 5 percent more than a year earlier.

North Carolina watermelon growers are expected to produce approximately 2,475,000 melons this year, which compares with a production of 2,420,000 melons last year.

Mrs. W. R. Sherrill Observes Birthday

On Tuesday Mrs. W. R. Sherrill observed her 73rd birthday with a family dinner party at the home of her daughter, Mrs. S. R. Roane, in Whittier. Following the delightful dinner served by Mrs. Roane and her other daughters, a three tiered birthday cake was brought out for Mrs. Sherrill to cut and serve. On the cake the number 73 was spelled in lighted birthday candles.

Those attending besides Mrs. Sherrill and Mr. and Mrs. Roane were Mrs. F. M. Crawford and two sons, Frank, Jr., and Billy, Mrs. Elizabeth Davis and daughter, Anne, Miss Evelyn Sherrill, Robert Sherrill, Mrs. F. L. Smith and son, Mike Smith, and Buddy Cannon.

A good rule to follow in feeding dairy cows is to give a cow all the good hay she will eat and three pounds of silage for each 100 pounds live-weight.
