When Your
Back Hurts -

And Your Strength and
Energy Is Below Par
It may be caused by disorder of kidney function that permits poisonous waste to accumulate. For truly many people feel tired, weak and miserable when the kidneys fail to remove excess acids and other waste matter from the blood.
You may suffer nagging backache, rheumatic pains, headaches, dizziness, getting up nights, leg pains, swelling. Sometimes frequent and scanty urination with smarting and burning is another sign that something is wrong with the kidneys or bladder.
There should be no doubt that prompt treatment is wiser than neglect. Use Doan's Pills. It is better to rely on a medicine that has won countrywide approval than on something less favorably known. Doan's have been tried and tested many years. Are at all drug stores. Get Doan's today.

DOAN'S PILLS

ELECTRIC FENCES
CAN BE DEATH TRAPS

An electric pasture fence can be a death trap, says W. J. Ridout, Agricultural Engineering Extension specialist at State College. "Farmers of North Carolina have been repeatedly warned about the danger of farm assembled electric fences," he said, "and there are still many of these on farms today which may take another life unless they are removed." he added.

Two tragedies have already occurred recently in the state and this should be ample warning that such fences can be actual death traps.
An electric fence is an excellent labor and expense saving convenience on a farm, and is as safe as any other electrical appliance, provided accepted controllers are used, the specialist said. So many people fail to realize that the ground is a conductor; therefore, he strongly advises that the voltage on the fence be reduced until it is safe for both humans and animals. Reduce it to where the shock is just a sting, instead of a electrical hazard.

A healthy man, when in contact with the ground can be killed by 110 volts, he said, and even a lower voltage will kill an animal.
If you have an electric fence in operation now, that does not have a controller to cut the current down to a safe amount for both humans and animals, by all means, disconnect it. And if you plan to install an electric fence in the future, be sure to use an accepted controller with it, Mr. Ridout said.

Funeral Services For
Julius L. Sutton

Funeral services for Julius L. Sutton, 66, who died suddenly on the roadside near his home Friday afternoon, August 29, were held Sunday afternoon, August 31, at 2:30 o'clock, at the Dillsboro Baptist church. The Rev. B. S. Hensley and the Rev. C. C. Welch officiated. Burial was in the Locust Field cemetery.

Surviving are the widow, Mrs. Rosa Sutton; four daughters, Mrs. Lucy Franks and Betty Lou Sutton of Dillsboro, Mrs. Mary Willie Wiley and Mrs. Ann Morgan of Gastonia; five sons, J. L. Clint, Bobby, Winford, and Medford of Dillsboro. Survivors by a previous marriage are three daughters, Mrs. S. H. Riddle and Mrs. Wayne Cooper, West Asheville, and Mrs. C. H. Green, Canton; four sons, Ossie of Morganton, Avery and Grover of Dillsboro and C. B. Sutton of the U. S. Army. Also surviving are one sister, Mrs. Dollie Sutton, Dillsboro; and two brothers, W. A. and J. C. of Dillsboro, and several grandchildren, nieces, and nephews.

It has been proved that grain, silage, and hay can be saved by fall and winter pastures. Every pound of nutrients provided by pasture saves buying a pound in the feed sack.

At the Churches

Sylva Methodist

(The Rev. W. Q. Grigg, Pastor)
Sunday school will meet at 10 a. m., Gudgey Crawford, superintendent.
