PROCLAMATION

BY THE GOVERNOR.

Fire Prevention Week, 1947

WHEREAS, destructive fires will claim more lives and destroy greater values in natural and created resources during 1947 than ever before; and

WHEREAS, the President's Conference on Fire Prevention which met in Washington last May developed a truly national approach to the fire problem in which public authorities and private agencies have been united behind a constructive Action Program; and

WHEREAS, our citizens by exercising greater care and caution may help to prevent the vast majority of fire; and

WHEREAS, there is always the possibility of some such tragedy striking one of our schools, reaching the fingers of death into many homes, stopping the processes of education in a single community for many weeks in this period of building material shortages and man power shortage; and

WHEREAS, each unit of our civilization strives to do its share in building in all ways a happier tomorrow, it is the duty of all private citizens as well as constituted authorities to do their utmost to stop any needless sacrifice of human lives and waste of our vital resources; and

WHEREAS, fire drills have been scheduled in the schools of our state and should be carried out with a universal response;

NOW, THEREFORE, I, R. GREGG CHERRY, by virtue of the authority invested in me as Governor of the State of North Carolina, invite every man, woman and child to assume his individual responsibility in this emergency, in order that life and property in our nation may be conserved. I ask local Governments, the Chamber of Commerce, the National Fire Waste Council, business and labor organizations, the churches and schools, civic groups, and the various agencies of the press, radio and motion-picture industry throughout the State to cooperate fully in the observance of Fire Prevention Week, October 5-11; and I direct that the appropriate agencies of the State Government likewise assist in arousing the public to the growing threat of fires.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the Great Seal of the State of North Carolina to be affixed at Raleigh this first day of October in the year of our Lord, One Thousand Nine Hundred and Forty-seven.

Nature's Greenhouse Supplies Materials For Thriving Business

Jackson county has one industry that few people of the county know little, if anything about, and that is gathering, preparing, and shipping of evergreens to the many florists throughout the country.

Mr. W. O. Perkins, owner and manager of this thriving and growing business, came to Sylva from Avery County 8 years ago where he had been engaged in a similar business for about 17 years. His coming to Jackson county was due to the wide variety and abundance of evergreens to be found in this section.

Mr. Perkins buys the greens from the people of the county who cut and bring them to him. He then sorts, cuts, and prepares it for shipment to florists and business firms in every state in the union. When shipping containers were available, Mr. Perkins shipped to Canada and England.

Mr. Perkins reports one family where the father and son average from \$60.00 to \$110.00 per week gathering and delivering greens. A number of other families or individuals could do as well, Mr. Perkins stated.

The evergreens most commonly used include boxwood, galax, laurel, Leucothia, hemlock, spruce,

sheetmoss, and pine cones. Greens in demand vary with the season.

Mr. Perkins also has a brother in Avery county who has been engaged in similar business for 30 years.

Glee Club Presents First Program Of Year

The first program of the Glee Club was given for the District PTA meeting Thursday, Sept. 25. The songs included "Stars of the Summer Night," by Woodberry, "Let All Men Praise the Lord," by Cruger-Mendelssohn, and "All Through the Night," an old Welsh Air.

Among the selections on which we are now working are: "The Lord's Prayer," by Malotte, "Night and Day" by C. Porter, "Ave Maria" by Riegger-Schubert, "On Wings of Song" by Mendelssohn.

The two class periods, 4th and 6th, consist of a study of the Rudiments of Music. From these two groups is to be selected the final Glee Club for public performance. Plans are to make the Glee Club

a permanent and proud group as an efficient organization of the Sylva schools.
