

V. A. TEACHERS HOLD DISTRICT MEETING HERE ON OCTOBER 22

Federation Chapter For FFA Boys Formed, Jackson Boy is Sec'y

The Western District of Vocational Agriculture teachers from 12 departments west of Asheville met in Sylva on Wednesday, October 22, with John H. Corbin and the Sylva Chapter for their monthly meeting. Each teacher brought the president of his local chapter of Future Farmers of America to be present for the meeting and to organize a Federation Chapter for the district.

The Federation Chapter was organized by the boys while the teachers had their meeting. Daniel Ward, of Sylva, 2nd year FFA boy and 12th grade student, was elected secretary of the Federation. The FFA boys of the district will have full responsibility of the activities of the Federation. At each monthly district meeting the teachers will bring one or more boys for a federation meeting.

The November meeting will be devoted to instructions for holding Federation meetings, including parliamentary procedure contests. Other contests for the year

STATE COLLEGE HINTS TO FARM HOMEMAKER

By VERNON STANTON
Assistant State Agent

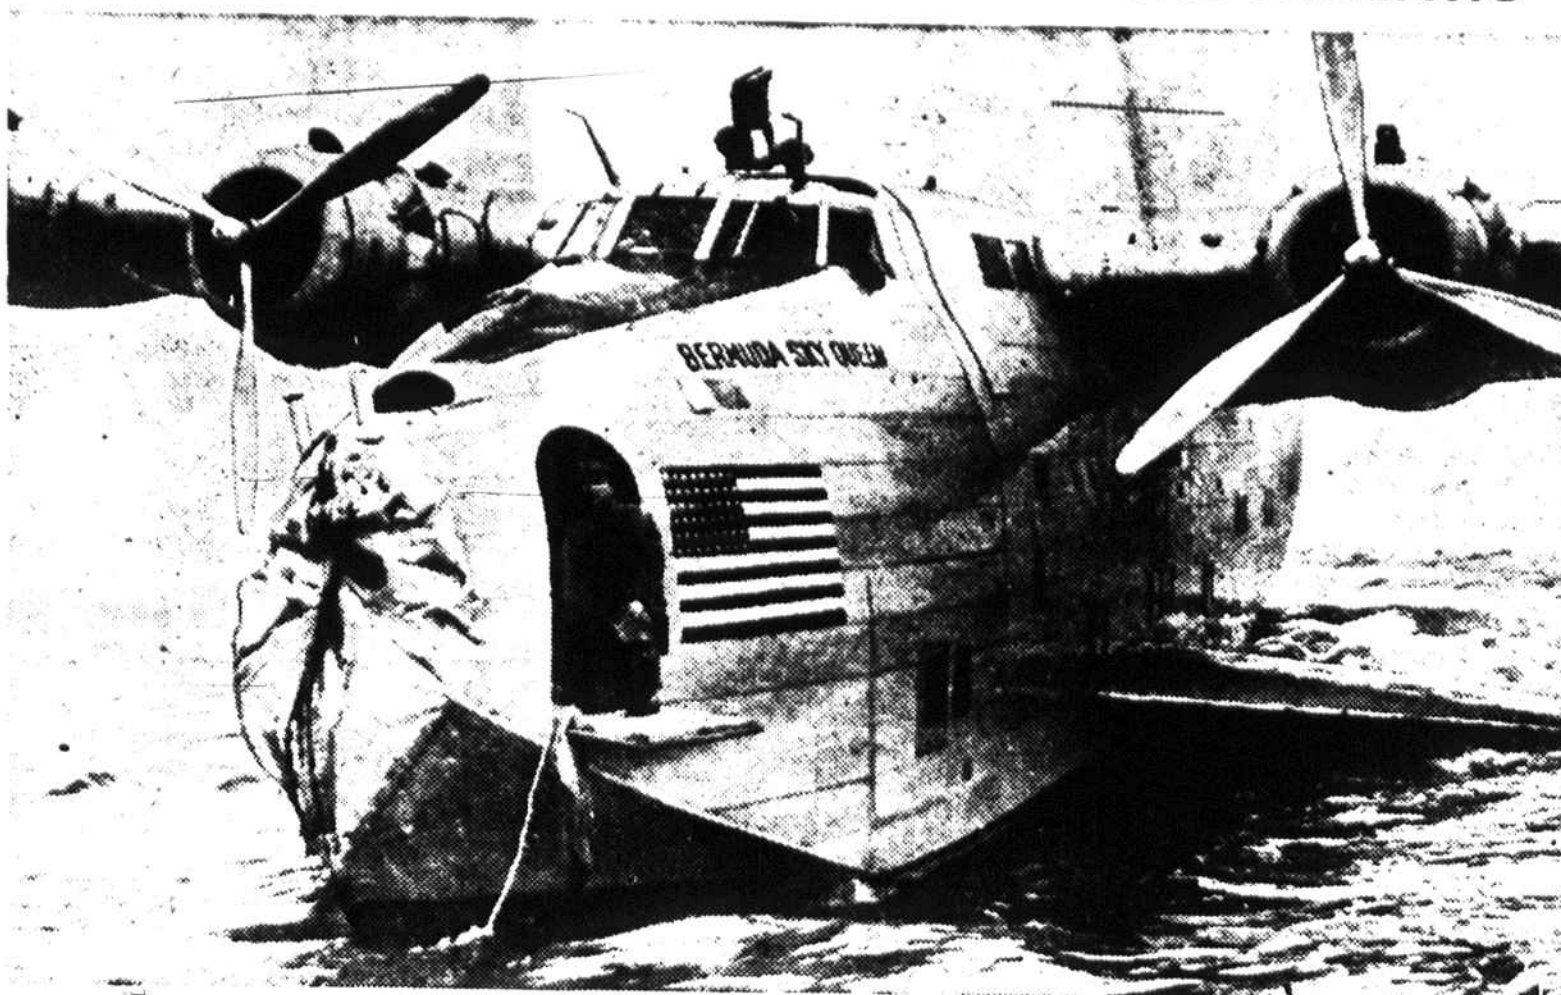

A supply of home-canned pumpkin, ready to make up into pie, is such a convenience that many housewives now include pumpkin in their fall canning schedule as a matter of course.

A new method of putting up strained pumpkin—thick, concentrated in flavor and all ready to mix with other ingredients for pie filling—is recommended by home canning specialists of the U. S. Department of Agriculture as a result of recent research. This is the way to can pumpkin for making pies in a hurry. However, if the hurry is at canning season, a shorter way is to put up cubes of pumpkin, which gives a milder-flavored filling. Before using the canned cubes in pies, they must be drained, strained and cooked down.

Whichever method is chosen, the first step is to wash the pumpkin, remove the seeds, peel and will include public speaking, seed judging, livestock judging, athletic day, etc.

The teachers' time was devoted to the G. I. program in their communities.

CLOSEUP OF 'SKY QUEEN' DOWN ON THE ATLANTIC

THIS VIEW OF THE STRICKEN FLYING BOAT, BERMUDA SKY QUEEN was taken as rescue operations by the Coast Guard cutter Bibb were under way. All of the airliner's 69 passengers and crew members were safely transferred to the cutter. A passenger on the ditched craft stands at the open door awaiting his turn to be in collision with the Bibb. At upper window is pilot of the flying boat, Charles Martin. This photo was made from a life raft by one of the ill-fated plane's sixty-nine survivors.

cut into one-inch cubes.

For strained pumpkin, steam the cubes until tender—about 25 minutes. Put them through a food mill or strainer. Simmer until hot throughout, using low heat and stirring to prevent sticking and scorching on the bottom of the pan. Pack the strained pumpkin hot in glass jars, using no liquid or salt, and filling to a half inch of the top. Adjust lids. Process at 10 pounds pressure, (240 F.). Pint jars need 60 minutes; quarts, 80. Remove from canner and complete seals, if not of self-sealing type.

To can the cubes, place in a kettle, add just enough water to cover, bring to boil, pack hot in glass jars to a half inch of top. Cover with the hot cooking liquid, leaving a half inch space at top. Add a half teaspoon salt to pint jars, one teaspoon to quarts. Adjust lids. Process at 10 pounds pressure (240 F.). Pint jars need 55 minutes; quarts, 90. As soon as the jars are out of the canner, complete seal if not of self-sealing type.

Where legumes follow small grain in a crop rotation system, lime is very important. It is advisable to apply 1,000 to 2,000 pounds of finely ground dolomitic limestone on soils, which have not been limed recently.

Two New Apple Varieties Showing Promise in N. C.

Showing promise from a commercial standpoint to Tar Heel apple growers are two varieties of apples not commonly grown in

NOTICE OF SALE OF LAND FOR DELINQUENT TAXES

The Town of Sylva in the County of Jackson:

Notice of sale of land by the Town of Sylva for the past due taxes for the year 1946, and prior thereto, and the cost and penalties.

By the order of the Board of aldermen of the Town of Sylva passed at its last regular meeting on the 5th day of September, 1947, directing the undersigned, Clerk and Tax Collector, to advertise and sell real estate for past due taxes.

Now, Therefore, I, W. L. Jones, Clerk and Tax Collector, for the Town of Sylva, will on Monday, November 3, 1947, at 12:00, noon, at the front door of the City Hall in the Town of Sylva, Jackson County, N. C., offer for sale and sell to the highest bidder for cash, for the tax and penalties due the Town of Sylva for the year, 1946, and prior thereto, the following described real estate:

This the 1st day of October, 1947.

W. L. JONES
Clerk and Tax Collector.

An Appreciation

(Adopted by the Tuckasegee Baptist Ministerial Association)

WHEREAS, Rev. Clarence O. Vance, having felt led of the Lord to give himself to the full-time gospel ministry, has resigned as Field Worker for the Tuckasegee Baptist Association, and WHEREAS, the association has reluctantly accepted his resignation, and

WHEREAS, he has accepted the pastorate of the Willow Dale and Oak Grove Baptist churches in the Three Fork Association, and WHEREAS, he and his consecrated wife have served faithfully, with untiring energy, with sincere devotion to the Master, and indeed with love and patience the needs of the association,

THEREFORE, BE IT RESOLVED:

FIRST, that we, the members of the local Ministerial Association, express our deep love and appreciation for Brother Vance and his good wife;

SECOND, that we express our gratitude for their two years of sacrificial service, during which time the churches have had an ever-expanding program of kingdom activities, and;

THIRD, that we heartily commend them to the said churches and pray that their lives may be happy and used of God in an even greater way, and;

FOURTH, that a copy of these resolutions be spread on the minutes of the local Ministerial Association, a copy be sent to the Biblical Recorder, and a copy sent to the local newspaper.

Rev. W. N. Cook,
Rev. MARK R. OSBORNE, JR.,
Committee

When possible, it is well to see the sire and dam of the feeder calf before buying because milk fat on a young animal is often quite deceptive and unless he has good blood and individuality back of him he is apt to be disappointing as he gets older.

Cubans Studying at Western Carolina

CULLOWHEE—Two more Cuban girls, the Misses Rosita Fernandez and Margarita Alfonso, have enrolled at Western Carolina Teachers college. Both are from Havana.

Other Cubans attending the school are Guido Brito and Raul Marco, Havana, and Miss Margarita Garcia, Enrique Vicedo and Carlos Gomez, all of Camaguey.

The main purpose of the group in coming here is to gain more knowledge of the English language. Some plan to go on to the University of Havana after studying here, as Miss Alicia Garcia, Havana, who was here last year, is now doing.

According to Clarence Christman, Professor of modern language here, more Cubans desire to enter WCTC, but on account of crowded conditions cannot do so.

Everywhere you look you see **BIG-CAR QUALITY** and everywhere you travel it's **AT LOWEST COST**

There's plenty of "fit" in Chevrolet's eye-catching, eye-stopping Body by Fisher. Swift, racy lines and contours that are up-to-the-minute in style! You'll find these bodies only on Chevrolet and higher-priced cars.

When this car heads out of town and onto a rough road it seems to "take smooth pavement right along with it"; for it has the famous Knee-Action Gliding Ride, and this, too, is found only in Chevrolet and higher-priced cars.

Here are pep and liveliness that few cars of any price can equal... power and dependability known the world over... all stemming from Chevrolet's World's Champion Valve-in-Head Engine which has delivered more miles for more owners than any other engine built today!
