

### Western Carolina Teachers College Offers Graduate Level Work, Summer

#### Officials Expect Largest Summer School Classes In History Of College

Cullowhee — Western Carolina Teachers college will offer graduate level courses, with full credit, during its first summer session this year, June 7 - July 18. Undergraduate work will also be given during this session, as well as in the second summer school, July 19-August 27.

The graduate courses will be offered in cooperation with the University of North Carolina, and all work will receive the same credit, including residence credit, as if it were actually done at Chapel Hill. Dean W. B. Harrill, who has been tentatively designated as director of the summer school, has announced.

Dr. H. P. Smith, of the WCTC social science department, will

teach two of the graduate courses, "Social and Educational History of the United States" and "Comparative Education." Dr. Carl D. Killian, head of the education department and of the guidance clinic at WCTC, will teach two more, "Guidance in the School" and "Growth and Development of the School Child."

Two other graduate courses, "The Natural Sciences in the Elementary School" and "Curriculum Construction—General Principles," will be taught by Dr. Rose Lammel, of the graduate school of the University of North Carolina. Two more subjects on a graduate level, "Community Education" and "Education Workshop," will be offered by an as yet unnamed instructor.

WCTC officials are preparing for what they feel will be the largest summer-school enrollment in the history of the college.

### "Milestone Model" and the Men Who Made It

Twenty men whose combined crafts and skills are representative of the myriad trades contributing to production of a motor vehicle, pose at Flint, Mich., with a "milestone model"—the 20,000,000th unit produced by Chevrolet in its 35-year history. From the engineer with his designs and blueprints, to the polisher with his buffing tool, from the chemist to the hooded welder, these are the men who keep the nation's traffic arteries humming. Despite production difficulties, Chevrolet has produced its latest million cars and trucks in almost exactly a year.

### JOHN'S CREEK NEWS

Mrs. G. W. Nicholson is improving after an extended illness. She became ill with fever the latter part of October.

Mr. and Mrs. Frank Nicholson were Sunday guests of Mr. and Mrs. Furber Nicholson.

**MRS. FRANK NICHOLSON HONORED WITH SHOWER**  
Mrs. Frank Nicholson, the former Miss Dellia Ashe of Tuckaseegee, was given a shower by Mrs. Wanda Hendrick at the home of Mrs. Hobart Nicholson on John's Creek on Wednesday afternoon, January 21. The guests enjoyed string band

### Calves Grind On Corn

There is little or no advantage in grinding corn for beef calves as the added cost usually more than offsets any advantage. Then too, calves do their own grinding more efficiently than older animals.

music. The winner in this was Mrs. Lucy Queen.

The hostess served a sweet course with grape juice.

A large selection of beautiful gifts were presented the honoree. Fourteen guests enjoyed the occasion.

### Mrs. Lillian Buchanan, Librarian At WCTC Is Visiting In New York

Cullowhee—Mrs. Lillian Barker Buchanan, librarian of Western Carolina Teachers college and wife of C. C. Buchanan, Sylva attorney, left Cullowhee Thursday, Jan. 29, for New York on a combined business trip and vacation.

She will consult various companies and individuals who manufacture library equipment, and will confer with library experts at Columbia University. Her purpose is to study the latest trends in library construction and equipment, and to incorporate any valuable ideas discovered in the plans for the new library soon to be built at WCTC.

While in New York Mrs. Buchanan will fly to Boston to visit the under-graduate library at Harvard, which has just been completed, and will also return to Princeton university to see its newly-finished library building, which was under construction when she was there last year.

As to her vacation, Mrs. Buchanan will attend a number of plays, the opera, and some art exhibits. She is especially interested in hearing the program of the Metropolitan Opera house Sunday, February 1. Walter Carringer, Murphy, a former student at WCTC, will sing there in a choral group on that date.

Mrs. Buchanan will return to Cullowhee February 12.

### WCTC Alumni Association To Hold Dinner Meeting In Asheville April 16

Cullowhee—The Alumni association of Western Carolina Teachers college will hold a dinner-meeting in the Pine Room of the S & W cafeteria in Asheville Friday, April 16, at 6:30 p. m. Alumni officials are urging every member to attend the meeting. Any friends of the college who would like to come are also invited.

The meeting has been scheduled to coincide with the State-wide conference of the North Carolina Education Association, which will be held in Asheville April 15, 16, and 17.

Trustees of WCTC have been invited to attend the dinner-meeting. Faculty members of the school will be there.

John W. McDevitt, college bursar, will preside at the meeting. President W. E. Bird will introduce Brandon P. Hodges, chairman of the school's Board of Trustees, who will make a short talk. Miss Helen Hartshorn, of the college's physical education department, will be in charge of entertainment, which will consist of vocal and instrumental music.

Dean W. B. Harrill has suggested to Mr. Hodges the need for a strong and active WCTC Alumni association, and Mr. Hodges has indicated his agreement. In accordance with this policy the college will set up a display booth in the Asheville City auditorium during the three days of the N.C.E.A. meeting, and is inviting all alumni to call by for pamphlet material which will be made available.

Relatively large stocks of 795 million bushels of wheat were stored in all positions January 1, 1948, despite near-record disappearance since July 1, 1947, according to the USDA.

# THE 1948 CHEVROLET

Newer! Smarter! Finer!

Here's the one to see! Come in and see it! The new Chevrolet for 1948 brings you new smartness of design, new color harmonies, new interior luxury—an even greater measure of BIG-CAR QUALITY AT LOWEST COST. And with all its greater value, Chevrolet's the lowest-price line in its field... the only car in its price class combining such Big-Car features as Body by Fisher, Valve-in-Head Engine, Unitized Knee-Action Ride and Positive Action Hydraulic Brakes. No wonder more people drive Chevrolets—and more people want Chevrolets—than any other make, according to official nation-wide registrations and seven independent nation-wide surveys.
