On motion of Dr. McGuire and second by R. Nicholson and voted for by all members of the Board of Aldermen for the Town of Sylya, it is therefore ordered by the Mayor of the Town of Sylva that the Chief and members of the Police force for the Town of Sylva cooperate with the Chief and members of Volunteer Fire Department for the Town of Sylva under such just rules and regulations as may be necessary to remove said dangerous conditions, cause fire escapes to be put on buildings used as hotels or rooming houses, cause ashes, and other garbage to be removed from the halls of buildings, and to do all things necessary to protect the health, life and property within the corporate limits of the Town of Sylva.

It is further ordered that the property owners and tenants in those buildings where hazards are found by the Police and Volunteer Fire Department be given notice to remove said hazards and put in standard Fire e-capes and that they be given 60 days in which to correct said dangerous conditions, and after that date if said hazards still exist that said building be closed and a criminal proceeding be brought against the owners and tenants each day until said dangerous conditions are removed.

It is further ordered that this

Here's Brand-New

Power for your Buick

ur men do a master job of keeping Buicks right up to Buick high standards. They can get everything out of them that there is to get.

But maybe you'd like the thrill of a brand-new engine in your car.

If so, we're ready to do that job too -ready to put a straight-from-thefactory engine in any Buick built since 1937.

You get an entirely new engine. It has a new carburetor and air cleaner. It has a new distributor with both vacuum and centrifugal spark control. It has new wiring and spark plugs-even a new smooth clutch

that eases every start and makes driving fun.

On top of all that, this engine brings you the latest Buick features you read about-features like precision cylinder boring and Flex-Fit oil rings, Stratoflow cooling and all the rest.

We have these engines for you right now because Buick engine production is running ahead of complete car output.

So, in less time than a good overhaul would take-and frequently at less cost-you can have a car with everything a brand-new Buick engine can give you, and a car worth much more when you're ready to turn it in.

Good deal, isn't it? Worth looking into? Drop around and let us give you all the facts and figures.
