DARRINGTON, W. NEWS

Well, folks, I thought I'd give you some more news from our busy little town.

The Sauk Camp is to start April 5 and are we glad. We are about a month late for your weather—it did like a number of Tar Heels—finally came west. Our weather was awful the past month but at long last we are to start. Doesn't look too good yet and could still shut us down but we are going to try.

I see a lot of new men here. Lots of camps are starting and they can use many more men. One thing, they are all trying to come to Darrington and that they shouldn't do. Some are having a hard time locating work here now, and it is possible that we may have strikes here this summer and that will go especially hard on a new comer. Aside from the strike possibility it looks like a good summer.

Our city hall is pretty well along. We hope to have it completed in time for the Timber Ball June 25, 26 and 27. The Sauk River Lumber Co. gave the town of Darrington 20 acres of land just south of town to use as a ball park and on which to hold the Timber Ball, but we won't have it ready this year.

We had to postpone our singing convention until May 2. It will be held at Burling, Washington. However we had a good singing here today - quite a crowd up from Hamilton, Mr. and Mrs. Albert Blanton, Frank Bryson, Jr., and many other. Come again, folks.

Our revival meeting starts tonight, conducted by Rev. J. H. Hadaway, of Glenville, N. C. Rev. Hadaway left Glenville Sunday and arrived here Friday. He preached here Sunday and was present for our singing during the afternoon. He met so many Tar Heels he said it was just like being back home.

Rev. Hadaway will be assisted during the revival by Rev. Breedlove, a fine helper. If they can't hold a revival of the best sort no one can. We are hoping and praying for a fine meeting.

We do have a fine Sunday School here too, last Sunday we had 238 present, today, 125. We hope and believe that the church will be full every night during our meeting.

I heard today that you folks look for the Darrington news first thing when you get your paper. I don't know there was so much interest or I would write more often. We'll try to keep you posted on our meeting.

Have Dinner With Us Next Sunday

Unless she gets up mighty early, it is impossible for a housewife to prepare Sunday dinner and get to church on time. We suggest, therefore, that husbands bring their families to this lunch room for the main meal on Sunday. We always have a special Sunday dinner. WCTC folks will always find us eager to serve them. Bring your visitors to the Park for food and treatment you will like.

NO ADMITTANCE MR. SUN!

Here's why. Sunlight penetrates plain, ordinary bottles and steals away the flavor before the bottle is ever opened. But NOT with the amber, flavor-guarding Orange-Crush patented bottle. It's designed to keep out harmful light rays—protect the delicate fresh fruit flavor down to the last delicious drop. That's why Orange-Crush is always fresh tasting and good.

New Spring Models on the Southern

Have you noticed? It's Spring on the Southern's rails today... and we're "all dressed up" with the 116 gleaming new Diesel locomotive units and 2,350 new freight cars we put in service last year at a cost of 24 1/2 million dollars.

You'll see them all over the South... sweeping around bends... clicking off the miles on the straight-a-ways... brightly new, and forerunners of even more and better things to come.

And more are coming! This month we'll begin to get delivery on 3,000 new box cars, ordered a year ago. In July delivery will begin on 1,000 new 50-ton hopper cars. More Diesels and scores of new and modern passenger cars are coming too! New equipment now on order will cost 38 1/2 million dollars.

A lot of money? Sure. And most of it is borrowed money... to be paid back on the installment plan, plus interest. We're borrowing against the future... constantly improving the transportation service the South needs for continuing growth and prosperity... because we have faith in the future... here in the South.
