**Our School Building Program**

In an effort to provide a county-wide school improvement program the board of education of Jackson County has made a detailed survey of the needs of all the schools of the county, a report of which has been published in The Herald prior to this time. It was stated at that time that a county school bond issue would be necessary if the program is to be carried out, and that an election would soon be called for that purpose. The board now has prepared notice of, and it is published elsewhere in The Herald today, calling on the Board of Commissioners to provide funds for the school improvement program through the issuance of county bonds, paving the way for the vote of the people on the matter.

This notice specifies certain school districts in which school buildings are to be erected or repaired. This, however, is just about one-half of the school buildings of the county which will either be replaced with new buildings or have extensive repairs, additions and other improvements when the entire program gets underway.

The board's hands are tied at present for lack of funds with which to do one thing for any of the schools. The only way that the board can ever start a program of building and improvement in Canada, or any other township is through the bond issue. With the citizens voting for the bond issue then the board can start its program, and with money provided as State aid is made available probably next year, the program can be carried out to completion with every section of Jackson County benefiting.

This county cannot afford not to give full support to the bond election and to the county school program.

with their time and money, but both will be well worth spending as an investment in the future of our young people.

**The Everyday Counsellor**

By REV. HERBERT SPAUGH, D. D.

If the purchaser of a new automobile were not better trained to drive it than the average couple entering marriage, he wouldn't get the automobile home without having a wreck. It is no wonder to the domestic counselor that so many of our marriages are being wrecked today. Too few of those who marry have had any real instruction in how to operate a domestic machine, if we may call marriage that.

Every couple about to be married should first of all have a thorough and complete physical examination to see if there are any physical adjustments which need to be made. Then they should have premarriage instruction from some minister who offers this service, or from a domestic counselor. Where such service is not available, a good textbook on marriage and premarriage instruction should be read aloud and together by the contracting parties prior to marriage. Moreover, the book should be reviewed after marriage. This should be done in the same way a new automobile owner studies carefully the instruction book concerning the use and care of his automobile.

The majority of those who marry simply "fall in love" after keeping company with other for a period, get a marriage license and are married either by a minister or some civil officer. Then by the method of trial and error, they proceed to try to get this new domestic machine operating on the highway of life. Imagine trying to drive an automobile, an airplane, or any piece of automotive equipment Fisher; lights, Ed Dillard, Bobby Cope, Ben Franklin, and Jim Beck; ushers, Jackie Shields, Ollie Mae Estes, Wanda Davis, Betty McClure; scenery, Randall Goldman, Ben Sumner, Jim Evans, Edith Extine; programs, Betty Anne Queen, Willetta Cope, Marshalean Gibson, Frankie Roper, Phoebe Revis; tickets, R. L. Warren, Betty Jean Queen, Marie Beasley, Betty Ammons, Margaret Smith; advertising, Jean Nations, Joan Dillard, Adeline Mills, Betty Hensley, Denver Monteith; stage, E. L. Dillard, Boyd Sutton, Edwina Ward; production, Charles Stillwell, Jack Bumgarner, Bobby Jones; makeup, Hattie Jean Ward, Ruth Jamison, Jean McClure, Helen Guffy; properties, Elizabeth Sutton, Joyce Clayton, Annie Dee Barnes, Helen Barnes.

Admission? Only 20c for students and 35c for adults. Be sure to come to one performance.

This play is being performed by the Senior Class of Sylva High School in order to raise funds for their gift to the school. It is now in the last stage of production and everyone is trying very hard to make a success of it. Each member of the class is doing his share. The following committees are working: assistant director, Leigh-

Tuesday, April 27 — The Camp Fire girls will meet in the Scout hall in the Methodist church at 7:30 p. m. Patsy Buckner, president.

**Kidneys Must Work Well—**

**For You To Feel Well**

24 hours every day, 7 days every week, never stopping, the kidneys filter waste matter from the blood. If more people were aware of how the kidneys must constantly remove surplus fluid, excess acids and other waste matter that cannot stay in the blood without injury to health, there would be a better understanding of why the whole system is upset when kidneys fail to function properly.

Burning, scanty or too frequent urination sometimes warns that something is wrong. You may suffer nagging backache, headaches, dizziness, rheumatic pains, getting up at night, swelling.

Why not try Doan's Pills? You will be using a medicine recommended the country over. Doan's stimulate the function of the kidneys and help them to flush out poisonous waste from the blood. They contain nothing harmful. Get Doan's today. Use with confidence. At all drug stores.

**YOUTH AND RECREATION**

For a number of years the various church and club leaders of the community have realized that one of Sylva's greatest needs was a well-rounded and well directed recreational program for the youth during the summer holidays. In an effort to do something along this line the Sylva Lions club has taken the initiative and about a year ago made a contract with the town of Sylva to provide playground equipment for the city park playground. This equipment, several thousand dollars worth, has arrived and has been installed, and if anyone has any doubt about its value to the community should happen down on the park these pretty afternoon and evenings. The children literally swarm over the various, rides, swings, etc.

This is just the beginning of a broad recreational program now being considered. To carry out such a program will require the backing of everyone, both

**PERSONALS**

Mrs. D. M. Hall, Mrs. Enloe Moore, spent the week-end in Franklin with Mrs. Hall's daughter, Mrs. C. N. Dowdle and family.

Mrs. J. W. Bickers returned last Tuesday to her home in Memphis, Tenn. after a two weeks visit in Cullowhee with her daughter, Mrs. R. K. Phillips and Mr. Phillips.
