FARM CLEANUP HINTS GIVEN BY SPECIALIST

The farmer who gives his place a real spring "cleaning" now will not only improve the looks of his farm but will also make it healthier and easier to keep "trim" the rest of the year, says C. B. Ratchford, Extension farm management specialist at State College.
 He offered the following clean-up hints for farm families: Gather and dispose of all tin cans. Either bury them or punch holes in them, to avoid providing breeding places for mosquitoes.
 Pick up all loose wire. Don't overlook the old baling wire which has accumulated. It is easy to find now before grass and weeds have grown. Later it will tangle in machinery, trip persons and animals, and cause a great deal of other trouble.
 Be sure all broken glass is disposed of, thus preventing cuts on children's feet next summer.
 Check fences and repair those broken or falling down. A good

fence adds to the appearance of the farm; a poor one detracts.
 Right along with the fences, fix those gates so they swing free and easy.
 Clean up the feed room, granary, corn cribs, and wood house, don't provide hiding places for rats and breeding places for insects. Clean, well-arranged outbuildings will save time later.
 Burn all branches pruned from the trees and bushes in the yard and orchard.
 Apply paint where needed. A coat of paint will help the looks of many buildings and make them last years longer.
Vets Problems
 Q—A veteran who has been granted compensation suffers an increase in the severity of his disability. What steps must he take to get an increase in compensation?
 A—He must submit written evidence to the Veterans Administration. This should be in the form of an adequate statement from a private physician showing the veteran's present physical condition. All expenses incurred in securing such statements must be borne by veteran.
 Q—Must a veteran have 10 percent or more service-connected disability to be eligible for outpatient treatment?
 A—Any veteran with an established service-connected disability is entitled to outpatient treatment for the service-connected disability.
 Q—I lost last month's subsistence check before I was able to cash it at the bank. What should I do?
 A—Go to your local Veterans Administration office and explain what has happened. The office will take necessary action either to recover or to replace your check.
 Q—I am negotiating to purchase a home under the G-I Bill. The appraisal value of the time is lower than the purchase price. Will Veterans Administration guarantee my loan if I agree to pay the difference in cash?
 A—No. Veterans Administration will not guarantee a loan on a home where the appraisal value is less than the purchase price. This provision of the law is for your protection.

CHEVROLET—and ONLY Chevrolet— IS FIRST!

First in all-round quality in the entire low-price field!

How you and your family will enjoy ownership of this newer, smarter, finer Chevrolet for 1948! It brings you BIG-CAR QUALITY—not in one item only, but in every phase of styling, engineering and construction—and brings it to you AT LOWEST COST, as well. That is why more people drive Chevrolets, according to official nationwide registrations—and more people want Chevrolets, according to seven independent nationwide surveys—than any other make of car. That is why you, too, will agree that CHEVROLET AND ONLY CHEVROLET IS FIRST in all-round value!

Nowhere else beauty like this! New styling! New colors! New upholstery fabrics! All this added to the basic Big-Car luxury of Chevrolet's famous Body by Fisher. Remember—this body is exclusive to Chevrolet and higher-priced cars.

You'll enjoy much greater comfort in Chevrolet for 1948. It brings you the Big-Car riding-smoothness and road-steadiness of the Unitized Knee-Action Gliding Ride. Another feature found only in Chevrolet and more expensive cars.
