

Positions In Veterans Administration Now Open For Technicians

A Civil Service examination for Dental Hygienist and Dental Technician positions, salaries from \$2,168 to \$3021 per annum, is now open in the Veterans Administration, it was stated today by Felix Picklesimer, Secretary of the Board of U. S. Civil Service Examiners, at the local post office. See Mr. Picklesimer for further information.

Outlook For Poultry Now More Favorable

There is money in poultry, particularly for the efficient producer, says C. B. Ratchford, in charge of farm management at State College. The outlook for poultry has become more favorable since the first of the year, he said, adding that demand is expected to remain high. Since the number of layers is lower, an increase in price is anticipated.

According to the Bureau of Agricultural Economics, farmers received 42.6 cents per dozen for their eggs in mid-March. This figure is 2.5 cents more than in March, 1947, and the highest price on record for the month.

The egg-feed ratio has been unfavorable, but if farmers plant the acreage of feed grains they intend to and yield is normal, the ratio should improve in the half of 1948, the farm management specialist believes.

However, while the outlook is good for efficient poultrymen, inefficient producers will probably lose money, predicts Mr. Ratchford, adding that despite possible lower feed costs poultrymen should continue to strive for efficiency in production.

The specialist lists these steps as ways of increasing efficiency: Get better bred chicks; cull hard; use grazing as much as possible for pullets, to reduce feed costs and provide healthier hens; feed balanced rations; avoid wasting feed; get rid of all rats; add labor-saving conveniences and arrange buildings to save steps.

If a Farmer is the man who feeds us all, then why not elect a Farmer for Governor to lead us? W. KERR SCOTT is the first Progressive Farmer we have run for Governor since Ellas Carr, who office in 1893, just 55 years ago.

KERR SCOTT has done more for the farmer and consumer than any one man has ever done in the History of North Carolina. He has saved you MILLIONS OF DOLLARS on PURE FOOD, FEEDS AND SEEDS AND THE FERTILIZER YOU USE.

In 1931 at Salisbury, N. C., he fought for the FARMERS INTEREST so they could have better rural homes and electrification, one of the greatest blessings the farmer has ever gotten. He LOANED YOUR SURPLUS MONEY AND GOT INTEREST TO REDUCE TAXES. He voted for and supported every movement for BETTER SCHOOLS.

He quit his job with the State and runs for Governor at his own expense to save the TAXPAYER'S MONEY.

He is fighting for every one's interest harder than anyone since George Washington and your forefathers who fought hungry, ragged, barefooted and said, "Give Us Liberty or Give Us Death." Don't let their sacrifice be in vain.

Don't give your son's and daughter's lives on land and sea, or billions and billions of dollars in our tax money to set Europe free, and then be so simple as to vote for a man that has not got sense enough to run his own business, much less run your business for you.

Any man who won't loan your surplus money to your own government, the safest, soundest investment in the world today and get the interest on \$170,000,000 to help reduce our taxes is not fit for Governor of North Carolina.

Any man who seeks an office at the taxpayers expense, its your duty to put him out of office.

Any man that says he is for better schools and won't register and vote in his own precinct, do you believe he is for it? I don't. It's not what we can make that does us the most good it's what we can save that counts the most.

There are too many white collared office seekers and highway road hands that will vote for the first one that offers them an easy job. These men seldom if ever do anything good for themselves, much less the country.

We need progressive men and women who can produce more and better things at less cost and reduce our taxes like Kerr Scott.

There are too many men and women who are all the time looking for a job. They have not got any sense. If they had any sense, they could make a job of their own. I am only a mountain boy with a 4th readers education. When I need money I make my own job. I have sat on the bull pen in Murphy, N. C., and whittled on a soft pine board and made for a single day's work \$1750.00 and often made \$1,000.00 per week. If you don't believe me, ask Mr. L. E. Bayless, my old banker, he knows. He still lives in Murphy.

I am not wanting a job, I seek no political pull.

I pay for advertisements to help my friends, who have helped me in the past, little fellows who cannot help themselves. Mountain Boys.

Think long and hard then vote for a man that has and can and will do the most for us all. W. KERR SCOTT, the Farmer's Friend.

Yours sincerely,
H. R. McINTOSH, Hayesville, N. C.
