Meet The Jeepster

The latest member of the Jeep family is Willys-Overland's newly unveiled sports phaeton, the Jeepster. Styled in the continental fashion, the car is a glamorous, smooth-riding descendant of its rugged forbear and is one of the first full-sized light cars to appear on the market. It is powered by the Jeep engine, and has independent front wheel suspension. The Jeepster weighs only 2500 pounds, gives as much as 29 miles to a gallon and has a low center of gravity for roadability. Willys-Overland has a sun car built for fun.

SALLY ELECTED

(Continued from page 1)
for his department.
Following short talks by several of the visitors and a question and answer period the group discussed a permanent organization and decided to have another meeting at Enka some time in August to further consider the matter. Mr. Salley was elected temporary chairman and instructed to prepare a program for the next meeting which will be held at Enka on an invitation from Mr. Salley and his assistant chief C. C. Robertson. A prior invitation had been extended by Chief D. W. Merrill of Brevard, but he withdrew his invitation so that the next meeting could be at a more central location in an effort to draw more of the Western Carolina departments in for the organizational meeting, which will also be a dinner meeting furnished by Enka. Invitations will be sent to all of the departments West

of the Blue Ridge, including industrial fire departments, which many plants, such as The Mead Corporation, maintain.
Representatives at the session were Chief J. W. Fitzgerald, of Asheville; Chief E. M. Salley and assistant chief C. C. Robertson, of Enka; Edwin Smathers, and Claude Roberts, of Canton; Chief D. W. Merrill, R. E. Kilpatrick and Donald Kilpatrick, of Brevard; Chief W. T. Hyams and V. L. Cope, of Bryson City; W. E. Tysinger and J. Ward Long, of Franklin; Chief R. E. Dills and C. B. Queen of Dillsboro, the host Chief W. B. Cope and a large number of the Sylva firemen, and J. H. Deitz of the Mead plant.
Monday's meeting was a sound- ing out session to see if enough departments were interested in an organization of this type to make it a permanent one. It was the opinion of all at the meeting that the organization could become of great help and benefit to every department.
