### RECRUITER URGES VETERANS TO JOIN LEGION POST

Last week Technical Sergeant David Colman, local U. S. Army and U. S. Air Force Recruiting Sergeant, pledged his membership in the William E. Dillard Post No. 104, American Legion, in Sylva. The Sergeant has been a member of the American Legion in Hattiesburg, Miss.

In joining the American Legion, Sergeant Colman stated that "The American Legion as an organization is for Veterans of the Wars should be a great assistance in the community in starting better human relations and increasing the welfare of our Veterans and Non-Veterans."

During the annual drive for membership in progress now, the Sergeant urges all Veterans to seek membership or renew membership in the American Legion. Just "a small part of each member's time, given to the American Legion activities will make the William E. Dillard Post No. 104 a great outfit", continued the Sergeant. LET'S ALL DO OUR PART!

The United States is by far the largest cotton-growing nation in the world.

### PERSONALS

Mrs. Vivian Henson has returned to her home in Cullowhee and Miss Hixie Ashe to her position in Washington, D. C., after having been called to the bedside of their mother, Mrs. F. M. Ashe, at the home of Mrs. C. S. Miller, Route 6, Winston-Salem.

Mr. and Mrs. Bill Wimbish of Charlotte are spending several weeks here with Mrs. Wimbish's parents, Mr. and Mrs. J. C. Jones. Mr. and Mrs. E. E. Wilson left Saturday to return to their home in Montgomery, Ala., after two weeks' visit here with Mrs. Wilson's parents, Mr. and Mrs. N. A. Hall.

Herbert Gibson, III, after a week's visit here with his grandparents, Mr. and Mrs. H. Gibson, has returned to his home in Waynesville.

### FOREST SERVICE CARS AND TRUCKS HAVE TELEPHONES

The N. C. forest service radio engineer, Mr. Paul Dillon, has been in Jackson county this month installing two-way radios in the North Carolina forest service vehicles. The main station for Jackson county will be in Toxaway tower on Hogback mountain. This station will cover both Jackson and Transylvania counties.

District Forester C. C. Pettit, states that the equipment is being installed to assist in quicker detection and suppression of forest fires on private and state lands. The Tennessee Valley Authority is working with the state service under a special cooperative project, and is assisting financially in the purchase of modern fire fighting equipment and better methods of training of all personnel in suppressing uncontrolled forest fires.

The radios can be used for the personnel to talk from car to car or to the lookout tower in case of a forest fire. There is also a portable set on order that can be carried by the county warden to the scene of the fire. This will enable the County warden to send messages back to the District office as to his progress in suppressing the fires or he can request more help if necessary. The portable radio can also be used in an airplane for spotting fires and also to supervise the suppression of fires from the air.

The TVA and NCFS are striving to reduce the total acres burned in the 15 Western North Carolina counties that fall within their watershed to 1-2 of 1 percent of the total acres under protection by the State.

District Forester Pettit stated that if it had not been for one fire in Transylvania county during the end of the fire season in May the goal would have been reached in D-9.

Every effort is being used to try and protect the forest for the people in order to supply the growing needs for forest products, also give the forest land owners a larger income from the forest.

Nine out of 10 forest fires are caused by human carelessness and the cooperation of all persons in being more careful with fire is requested. Unless the people whom own the land are more careful the most modern equipment cannot reduce the acres burned to the goal that is trying to be reached by all forestry organizations.

Mr. J. R. Robinson, forester for the TVA and Mr. F. H. Ledbetter of the North Carolina Forest Service met with Co. farm Agent M. L. Snipes and District Forester C. C. Pettit of N. F. F. S. to discuss the reforestation program in Jackson County. The reforestation program for the 1949 planting season is being increased by both the TVA and State Forest Services.

Mr. Snipes was informed Jackson County would be allotted 70,000 white pine, 60,000 shortleaf pine, 3,000 black locust, 3,000 yellow poplar and 500 red cedar or a total of 136,500 forest seedlings for next planting season. Any interested in planting forest seedlings may contact Mr. Snipes or a representative of the NCFS to obtain application blanks for the seedlings.

During 1947 there were more than 4,000 manufacturing plants in N. C. that depended on the forest for their raw products, and a large portion of the necessary trees had to be brought in from out of the state. Last year uncontrolled forest fires in N. C. destroyed over 60 million board feet of lumber or enough to build four thousand five room houses. These fires were

caused by human carelessness. That is the reason the forestry departments of N. C. and the TVA are striving to protect your state and county from forest fires and get more forest seedlings planted in order to supply the growing needs for forest products.

Mr. and Mrs. R. K. Buckner and son and daughter of Indianapolis, Indiana, are visiting his brother, J. E. Buckner, and family. On Sunday Mr. and Mrs. J. E. Buckner and Mr. and Mrs. R. K. Buckner went to the old Buckner home in Marshall where they were joined

by other brothers and sisters from Canton and Asheville for a family reunion.

Mrs. T. O. Wilson, Miss Lucile Wilson, Joe Wilson and Mr. and Mrs. John Henson went to Maryville, Tenn., Sunday, where they were guests of Mrs. Wilson's daughter, Mrs. C. C. Williams, and family.

Mrs. H. E. Bryson and two sons—Arthur Edward Bryson, now in the U. S. Army, and William Bryson, now in the U. S. Navy, returned last week and are spending some time with her parents, Mr. and Mrs. R. C. Allison.

Mr. and Mrs. John Morris and

Mr. and Mrs. H. P. Cathey spent Sunday at Camp Toccoa, Ga. Misses Mary Morris, Anne Cathey, Jeannette Queen and Audrey Jane Jones, who had been attending the Camp for Camp Fire girls for two weeks, returned home with them.

Mr. and Mrs. Robert E. Allison and Mr. and Mrs. Noble Garrett of Waynesville spent last week at the Allison camp near Greenville. During the week they had several overnight guests including Mr. and Mrs. Glynn Potet, and Kenneth Bryant and Ray Miller of Charlotte.

**FEED FEED**

We still carry the famous line of **ATLAS FEED** For your Poultry, Dairy Animals, Horses and Hogs. You will profit by feeding the best quality feed to your animals.

**FRESH MEATS**

Since moving into our upstairs quarters we have the most modern Fresh Meat Market in town. Specializing in **WESTERN MEATS** and **HOME DRESSED FRYERS**

Our Vegetables are fresh from Jackson County Farms.

**FARMERS COOPERATIVE**  
A. L. SOUTHARD, Manager  
OUR MEAT DEPARTMENT IS IN CHARGE OF AN EXPERIENCED CUTTER.

Everyone looks up to them—the doctors and nurses of our hospitals.

## For the men and women who want everything out of life

Hospital service demands the finest people. It offers them satisfaction beyond the power of money to buy.

Hospital service has always held an irresistible attraction for able, intelligent and understanding people. It assured them an interesting, rewarding career, and the opportunity to help to make the world a better place.

As a student nurse, today, you will feel all this personal satisfaction. And you will be able to look forward to the brightest future the nursing profession has ever known. More wonderfully equipped hospitals are being built. Many hospitals are being enlarged. Clinics are being opened, and other services expanded to meet the tremendous demand for more health care. This means that nursing is the career for the most intelligent, and able young women.

What nursing offers to those who qualify If you are one of the fortunate girls who can meet the high standards set by our great schools of nursing, you will begin an education that will be useful all your life.

As a well-prepared graduate nurse, you will have your choice of many fields—hospital service, doctors' offices, public health, teaching, industry, the Federal services. And when you marry and have a family, you will use your knowledge of child care, nutrition and psychology everyday.

When your family has grown up, you may return to your profession, if you wish. A

nursing education, you see, is really a lifetime education. It will help you no matter where you go or what you do.

#### How YOU can find out more

If you are a high school graduate or a college girl, in good health, find out if you can qualify as a student nurse. Indications show that more girls will want to enter nursing this year than in any other peacetime year. Competition for the limited number of coveted places in nursing schools will be keen. Ask your hospital today for information about a nursing career.
