

Deadline Set For Sending Christmas Packages Overseas

The post office department yesterday announced that November 15th was the last day to mail packages to armed forces overseas with an assurance of delivery.

"Many patrons plan to wait until later and send their packages by air mail," Postmaster C. N. Price said, "but we have just been advised from Washington that there is no assurance that packages sent after November 15 can be delivered by Christmas, since the planes are already crowded to capacity."

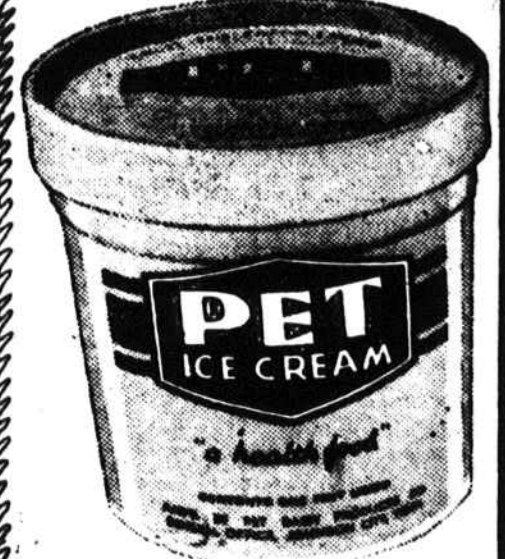

"Packages should be mailed by the 15th if they are to be delivered by Christmas," the postmaster continued.

By 1946 farmers were spending three times what they spent in 1936 for medical care.

FALL CLIFF NEWS

Farmers of this community have been taking advantage of the pretty fall weather to gather in their crops. The potato crop is not so large, but the potatoes are usually of nice size. The corn crop

is very good in this section which is now ready to gather.

In spite of the poor tomato crop most of the housewives of the community have their cans filled. Some will have to buy extra cans for taking care of their pork.

Most of the families of our community have from one to several nice fat hogs which will be ready to butcher as soon as the weather gets cold enough.

Quite a few of our Fall Cliff and Speedwell people, attended an all day singing at Yellow Mountain on October 24. Those mountain people really had a feast prepared for the crowd. Everyone enjoyed the day and participated in the offering which amounted to over \$200 which will be used to finish paying for the church piano.

Those people are to be congratulated on their nice new church building, which will soon be completed.

Friends and relatives of Mrs. Dorthula Bumgarner, widow of the late George Bumgarner, will regret to learn that she is quite ill
