Thanks to many people for many things

THIS IS THE SEASON OF THANKSGIVING

And there is much for which we can all be thankful in this great country of ours.

Certainly we are thankful for a bountiful harvest of grain and corn, for a high level of production and employment, for a standard of living that is the envy of the world.

Most of all, perhaps, we are grateful for our American heritage ... freedom of opportunity, freedom of choice, freedom to think and worship according to our own beliefs.

We Feel as a Chevrolet dealer it is an appropriate time to convey our sincere appreciation to the people of this community for their loyalty, patience and understanding.

For Despite Chevrolet's production of more cars and trucks during 1948 than any other manufacturer there is still a long "waiting list" for America's most-wanted cars and trucks.

Chevrolet is doing everything within its power to maintain and increase production. Meantime, we would like to express our thanks

Thanks to Buyers and Prospective Buyers of New Chevrolets for your generous recognition of the honest value built into this first-choice car in the low-priced field. More people have bought Chevrolet cars and trucks, during the eighteen-year period from 1931 to date, than have bought the cars and trucks of any other manufacturer.
