(Continued from page 1)
and remain open until 11:00 a.m. for registration and until 12 noon for examinations. It will be open the first and third Fridays of each month until the demand for its services justifies opening on Friday of each week. Dr. Schram stated that people living a distance from Sylva may write in for a priority appointment which means that when they get to the Center they can be sure of an examination. Without a priority they may find too many people ahead of them, and their trip would be in vain. In writing for this priority they should address the Cancer Center, Harris Community hospital, Sylva, N. C.

The examination for cancer will include the skin, mouth, breast, genitalia and rectum, these locations being the most common danger areas. Dr. Schram especially urges that men take the examination as the first 4,000 men examined, one out of every eleven were found to have cancer, while only one out of 32 women had the disease.

The Sylva Center will serve only as a detection center. Those showing positive cancer will have a report mailed to their family physician who will arrange with them for further treatment. Not only cancer, but other disease discovered at the time of the examination, will be reported to the patient's family physician.

Mrs. Dan Allison will be in charge of registration at the Center, Dr. Schram said. All ladies of the community who will help in the work should contact Mrs. Allison. The Center is to become a permanent set-up requiring much work on the part of the local people to help make it as effective as possible.

Scores of Smart Housewives Say:

"I Can Trust A&P.."

"I do all my shopping for food at our A&P Food Store. I do it because I can trust them. I can trust them to buy the best that the market affords and to guard its quality and freshness until I come for it. I know it's their policy, when they mark eggs Grade A, to keep them fresh until they'll be 'Grade A' when I buy them. 'Grade A' eggs you know will not be 'Grade A' if they (linger too long in the store). I know that if for any reason I am not entirely satisfied with something I've bought they'll gladly replace it or return my money. I trust their prices throughout the store and know I wouldn't save by shopping around the town. I don't mean that someone doesn't have a 'special' on something some time at a lower price than A&P. I mean that when I do all my shopping there, week in and week out I'll save money and have the best that money can buy." "Yes, I can trust A&P and it's a mighty comfortable feeling."
