school semester or 40 hours of mobile. instruction in all. 20 of these either being shown the proper the other on Sunday. No injuries techniques, or allowing the stu- resulted from these two mishaps dent to operate the automobile. however. The remaining 20 hours are to be spent in class room study of safety rules, traffic laws, and methods of vehicle operation .

Approximately 30 pupils are taking the course at the present time, the class being made of both boys and girls. The course which is restricted to Seniors, will be climaxed by a series of tests at the completion of the study course which will qualify students for driving licenses in North Carolina. These tests will probably be given with the aid of the State Drivers License officials, thus the course.

School authorities pointed out the sale of wine was outlawed. that not only would the pupils be censing in other states as well.
