NOTICE OF SERVICE OF SUMMONS BY PUBLICATION

North Carolina Jackson County. In The Superior Court

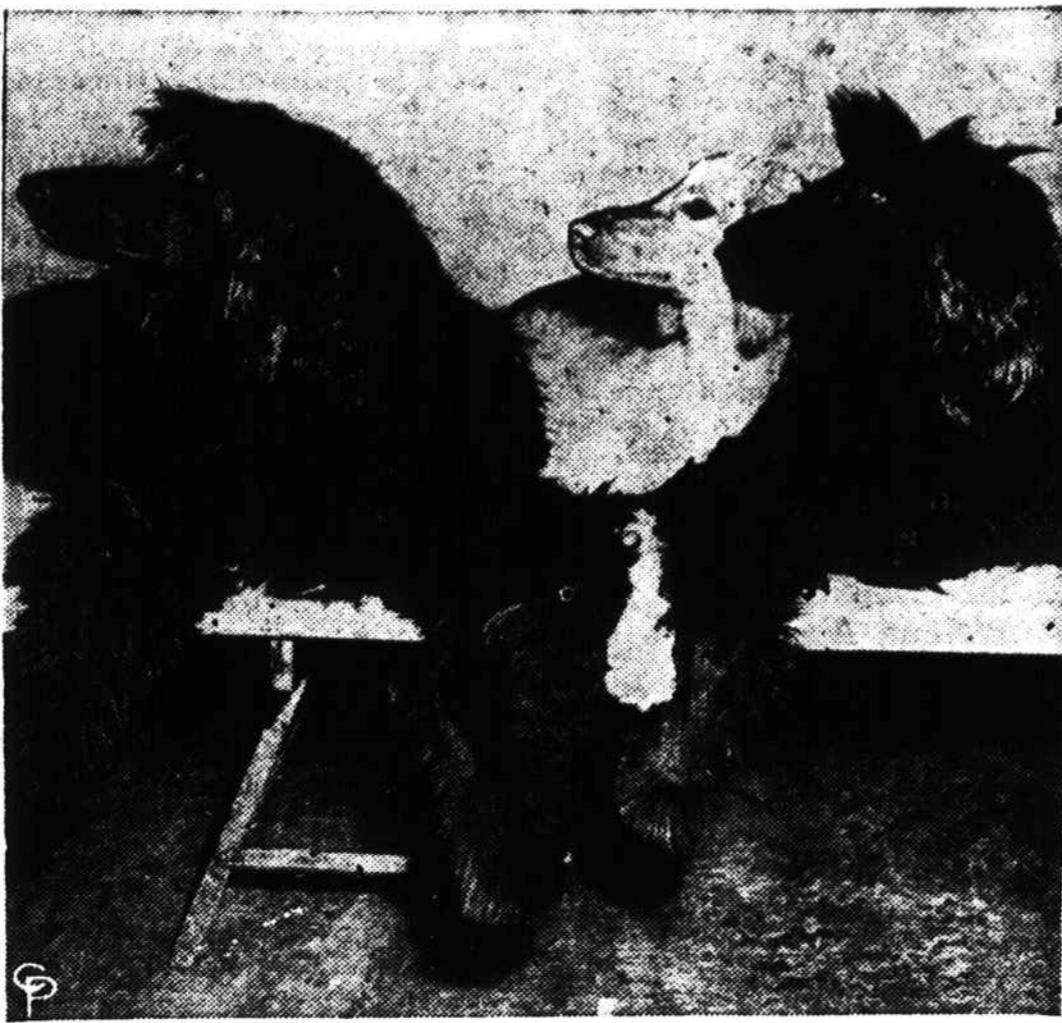

JOHN R. WATSON vs. MAGGIE LEEN WATSON
The defendant, MAGGIE LEEN WATSON, will take notice that an action entitled as above has been commenced in the Superior Court for Jackson County, N. C., the same being for the purpose of obtaining an absolute divorce on the grounds of two years separation.

And the said defendant will further take notice that she is required to appear at the office of the Clerk of the Superior Court of Jackson County, North Carolina, at the Court House in Sylva within thirty days after the 12 day of March, 1950, and answer or demur in said action, or the plaintiff will apply to the Court for the relief demanded in the complaint.
This the 10 day of February, 1950.
John E. Henson,
Clerk Superior Court of Jackson County, North Carolina.
Feb. 16, 23, Mar. 2, 9 CCB

NOTICE
I wish to take this opportunity to correct some rumors that are being circulated around through the county as to why I am a candidate in the race for Representative in Jackson County.
I wish to state that I was not put out by any one man, political ring or any incorporated companies. It was my own idea for coming out, but if I am nominated and elected, I intend to represent the people of Jackson County, not just the interest of a few.
Dennis C. Higdon.

Deans Assigned To Write May Day Program
By Herbert L. Hyde
In an exclusive interview with Professor E. V. Deans, Jr. Director of the Little Theater at Cullowhee today, it was learned that the usual procedure of producing a play each quarter will not be followed in the spring quarter. Director Deans has been assigned the task of writing and directing the May Day Program which is to be part of the Inauguration Ceremony on May 5 and 6 when Presi-

Jackson County Ranks 7th In Average Monthly Payments To Aged Persons

Social Security payments to all beneficiaries in the County over 65 years of age number 100, and the average payment monthly is \$17.89, it was announced today by D. W. Lambert, Manager of the Asheville office which serves 17 counties in Western North Carolina. Aged beneficiaries represent 51.6% of the total persons in the area receiving monthly payments under the Old Age and Survivors Insurance Program of the Social Security Act.

Included in this total are the following types of beneficiaries, with the number of persons receiving monthly benefits, average payment, and rank of this County in average payment among the 17 in the area. The last column gives a comparison of this County with the total area:

Type	No. of persons	Ave. Pay.	Rank	17-Co. Ave.
Retired Workers over age 65	63	\$21.29	5	\$21.87
Wives (over age 65)				
Retired Workers	25	11.20	6	11.20
Widows (over age 65)				
Retired Workers	11	11.32	16	17.86
Dependent Parents (over age 65)				
Deceased workers	1	10.00	12	12.38
Total Aged Beneficiaries	100	\$17.89	7	\$18.94

The number of beneficiaries is low in this area, Lambert said, because farm labor and many other types of work are excluded from coverage under the law. The Social Security Administration has recommended that all workers be covered, and a bill (H. R. 6000) is now pending in the U. S. Senate to amend the law.

Household Hint

To test a pancake griddle, drop a few drops of cold water on it. If the water forms small bubbles that hiss and dance over the surface of the griddle, it is hot enough to pour on the batter.

Approximately one out of every four Caswell county farm operators attended a series of farm management schools held recently.

dent Paul Reid is to be officially inaugurated as the fourth President of Western Carolina Teachers College.

Because of the shortage of men with creative writing ability and experience in the line of Plays and Programs and because of a shortage of qualified directors, the May Day Committee decided to ask Professor Deans to drop his scheduled Little Theater Production and to take on the eclectic task of helping to make the Inauguration a success. Those people who are histrionically inclined, who have appeared in numerous plays under the direction of Professor Deans will probably wish it to be otherwise. But Professor Deans pointed out that plenty of talent will be needed in the May Day Program. Their energy, he stated, should not be wasted.

"I am an 'average' Jefferson Standard policyowner speaking for more than a million people—policyowners and beneficiaries—whose financial future has been made more secure through Jefferson Standard life insurance protection.

"The Company's 43rd Annual Report published here shows another year of genuine progress and growth that is a source of solid satisfaction to me and my family. Assets have more than doubled in the past ten years and now total \$242,758,227. The increase in surplus and contingency reserves—that extra margin of safety for all policyowners' funds—is substantial.

"The steady growth of 'my company' through the years reflects high quality of service to policyowners.

"I note with pride that the Jefferson Standard still leads all life insurance companies in rate of interest earned on invested assets. This means that 'my company' continues to pay the highest rate of interest on dividend accumulations and policy proceeds held in trust for policyowners and beneficiaries—important extra dollars. Not since organization in 1907 has the Jefferson Standard paid less than

4% on these funds. Truly, Jefferson Standard Policy Dollars are Larger.

"Jefferson Standard sales of new life insurance in 1949 averaged more than \$10,000,000 per month, more than 25% of which came from my group—old policyowners coming back for more. Total life insurance in force at year end—\$894,202,998.

"I like the wide variety of policy plans 'my company' offers to meet the various protection needs of the public.

"I like the special training in life insurance service 'my company' provides for its agents, as well as for its branch office personnel, which results in the capable, courteous and prompt service I get in all dealings.

"It is for all these fine reasons that I presume to speak for more than a million people protected by Jefferson Standard. I am proud to be a policyowner of this splendid life insurance company."
