lution calling for more complete and better hospital coverage for citizens of the Western North Carolina counties. With the backing of 22 member hospitals in the area, and under the guidance of a special Citizen Committee composed of members representing each of the counties, the Blue Cross enrollment program was initiated. Senator Frank M. Parker, Asheville, is chairman of the Citizen Committee.

The Health and Hospital Council, according to chairman S. K. Hunt, Asheville, feels that widespread Blue Cross enrollment in the 10th Medical District will assure the hospitals of the financial support they must have to be self-supporting, and at the same time solve the problem of the average family that is unable to pay sudden, large hospital bills.

North Carolina has two plans approved by Blue Cross, The Hospital Care Association of Durham, and the Hospital Saving Association of Chapel Hill. Both will participate in the Western Carolina Blue Cross campaign.
