Veterans interested in continuing their education must first have a certificate of eligibility before being accepted. Hours for study and classwork will be from 4 to 9:30 p.m. It is expected to start the courses May 1.

Mr. Smith said that around 20 veterans had indicated that they are interested in taking the courses. Others may enter on the date for registration.

This affords a wonderful opportunity for those Veterans who are not advanced enough to enter College work, and who wish to improve their education. Detailed information regarding the training and educational program may be had by applying to Mr. Smith at Sylva high school. Those who are interested should make it known at once in order that the school may make preparations for carrying out the work.

Those who fail to get a letter and wish to join the club will be welcome. The members will have full privileges of the facilities of the club lodge and golf course. Golf equipment, including balls, can be secured at the club.

The Lees said this week that they plan to make the Rolling Green Country club the show place and vacation spot of Western North Carolina. All money paid in as membership fees, they said, will be invested in improving the golf course which will be kept in perfect playing condition at all times. The entire property will be landscaped.

The club plans to open around July 1st, depending on the weather and progress of the work, Mr. Lee said this week.

Eliminate fire hazards. Those who can and will be asked to give their old buildings a fresh coat of paint for freshening and brightening up the city. This will also help preserve the buildings.

The public is asked to start this clean-up the first thing Monday morning and continue until a thorough cleaning has been accomplished. If delayed until later in the week the town trucks will not be able to remove the rubbish as fast as it should be hauled away.

The development is locating on the old Riverside Country Club property recently purchased by the Lee family of Chicago from Dan M. Allison.

The new owners are Mr. and Mrs. Philip F. Lee, Sr., Mr. and Mrs. Philip F. Lee, Jr., and Miss Phylis Lee, who have come to Jackson County to make their home.

Work has already started on the 9-hole golf course which will have grass greens, a deep well has been drilled to supply running water supply. The motel will be built on two levels of the California type architecture, with all modern conveniences and furniture. The lodge building will contain a lounge, lockers, and terrace for the enjoyment of the club members. A large open fireplace will be built in the lodge where a large log fire will give forth warmth and cheer on chilly days in spring and fall. The terrace will have lounging chairs for relaxation before and after games. The lodge will also contain a snack-bar where sandwiches, cookies and soft drinks can be obtained.

All the buildings will have green roofs and white walls, blending it with the rolling background of the property.
