Bold Robbery.

Thursday morning about five o'clock some one broke into the front window of Mr. Walter Watson's hardware store, on Hay street, and took one of the fine guns therein displayed. Dave, the La Fayette Hotel porter, heard the crash, and gave the alarm, but when the police arrived the miscreant had disappeared. No clue to the robber has yet been discovered.

**The New Carolina Club.**  
The Exchange Club has moved into the elegant quarters of the old Carolina Club. At the opening of the new quarters a new organization was perfected. Mr. Leighton Huske was elected president, and Mr. Leon Brandt secretary and treasurer. The new club, which will be known as the Carolina Club, starts on a firm basis, having added many members to the fine nucleus from the Exchange.

Mr. A. Sheppard Hall, of Beaver Dam township, leaves to-day for Raleigh, to appear before the Supreme Court Monday, to apply for a license to practice law. He has been studying under Mr. H. L. Cook for several months. Mr. Cook informs us that he is a young man of very bright mind, and that there is no doubt about his being successful. He will practice in this city.

The Health Board of New York city, passed this on Tuesday:

Resolved, That the use in common of roller towels in saloons and restaurants, and of towels attached to bars and eating counters, and the use in common of knives, forks, and spoons in any public place, unless they are immediately and thoroughly cleansed after use, is hereby disapproved, for sanitary reasons.

Our Health Board would do well to pass a like resolution, if it is necessary.

**The Episcopal Parish House.**

We have seen a rough sketch of the ground plan for the proposed Episcopal Parish House. A fine architect will be employed to draw the design. It will be situated on the North side of St. John's Church and will be connected with the church by a cloister, the body of the building being divided from the church by a narrow court. The chapel, which of course will take up the main part of the building, will be used for Sunday School and week day services. It will be 45 feet long and 24 feet wide. Back of the chapel will be a ladies' parlor, 20x24, for the use of the different Guilds, and a Parish Work Room 21x24 to be used for the sewing school and other like purposes. It is estimated that the building will cost \$3,500.

### A Change in the Reorganization.

On account of increased earnings the Baltimore bondholders' committee have made the following change in the plan of reorganization. We copy from the Baltimore Sun:

The Baltimore reorganization committee of the Cape Fear and Yadkin Valley Railroad, Tuesday, changed the plan of reorganization so that the amount of the prior lien bonds is reduced from \$500,000 to \$400,000. The privilege of redeeming these bonds at any time after four years at 105 and accrued interest is also reserved. It was decided to offer these securities to holders of the first mortgage bonds. The \$531,500 of general mortgage bonds provided by the plan to be issued for betterments or extensions will be available for redeeming the prior lien bonds. This change will make the general mortgage a first lien after the year 1900.
