LOCAL NEWS.

Cotton is dull at 7¼.

There was 6.6 feet of water in the Cape Fear River at 8 o'clock this morning. The recent rain fall was 9.100 of an inch.

Weather Indications—Chief Moore, Washington, D. C., 11:30 o'clock—Gen. Thos. Gill, city, 3 o'clock P. M.—Rain within 30 hours.

Dr. Highsmith, the county coroner, received a telegram from Keyser this morning stating that a negro had been killed in Cumberland county near Keyser.

The Meeting Last Night.

Dr. Nash preached the sermon at the Methodist Church last night, the good effects of which were shown by fifteen persons standing up to be prayed for. The church was crowded, as usual.

Two Foot Bridges.

Work has commenced on the two foot bridges recently authorized by the Board of Aldermen. One will span Cross Creek and the other Blount's Creek near the old Blount and Benbow mills on Grove street.

Nancy Kelly's Mule Found.

Nancy Kelly's mule which was supposed to have been stolen from in front of William McDaniel's house in Flea Hill, has been found. It was discovered dead on Mr. John Elliott's place about half a mile from McDaniel's house. It is supposed to have died of starvation.

A Fight.

A fight took place behind the OBSERVER office this morning between Sidney McQueen and William Breece, both colored. Things were getting pretty hot when an officer stepped up and stopped the fun. The difficulty grew out of a dispute over a push cart, that one that has a bell attached, that is rung by the revolving of the wheel and dispenses cakes and fruits.

For Bicyclists.

Mr. Frank Talbot reports that the River Road, from Riverside School House to Dunfield Creek, which is under his supervision, is now in fine condition for bicycling. He has had thirty men at work filling up the holes, ditching and grading it.

This is the road on the left hand after crossing the river bridge, and the centre one after reaching the forks, and which was so popular with bicyclists two summers ago.

Major Stedman.

Major Chas. Stedman is going to leave Asheville to live in Atlanta, Ga. The Atlanta Constitution says:

"Hon. C. M. Stedman, ex-Lieutenant Governor of North Carolina, will move to Atlanta from Asheville May 1st, and will enter the practice of his profession, law. Maj. Stedman is one of the most distinguished members of the bar of his State, is a truly Southern gentleman and considered the handsomest man in the Old North State. Atlanta will welcome him in our midst."

The Flea Hill Fence War.

Nothing new from Flea Hill this morning. The facts as reported yesterday have been confirmed in every particular. No inkling as to the perpetrators of the outrage has been had.

The commissioners are taking every means to get evidence, but so far have been utterly baffled on every hand.

It is certainly an ironclad organization and is therefore very dangerous.

Is the law powerless to prevent such audacious lawlessness?

Mary Ann and Mary Jane.

There was another colored row in 71st yesterday. Mary Jane McPherson and Mary Ann McLaughlin assaulted Mary Jane McLaughlin. A great fight followed but after several hours of kicking and scratching the detached party surrendered. This morning Mary the beaten, went to Mary Ann McLaughlin's, and finding her alone gave her a severe thrashing.

Further developments are looked for. Meantime Squire Overby has issued warrants for the arrests of the several Marys.

The Weather on Stamps.

The letters which go out from the Washington post-office will have the weather indications stamped on them, after next week. The stamp will be the usual date stamp with a circle around it in which will be printed a word indicating the kind of weather to be expected, such as "rain," "snow," "colder," "fair," and the like. For the present Washington will be the only office using the stamps.

If the Government would employ Gen. Thos. Gill to tell Postmaster Gaster the weather every morning we could have a like service here.

The Clarendon Club.

There was a large meeting of members in the parlor of the Exchange Club last night. The President, Mr. Perrin, occupied the chair, and showed much executive ability in handling the various intricate propositions and amendments. After a long and heated discussion it was decided to vote on the admission of new members by ballot, the names being posted for ten days previous. Three black balls was deemed sufficient to exclude a candidate. Several amendments were made to the constitution, the most important of which was the changing of the name from Exchange Club to Clarendon Club. The Treasurer, Mr. Leon Brandt, reported the club in a prosperous condition financially.

Miss Matt Williams has returned after a two weeks' visit to Florida.

The Scarletina.

Two new cases of Scarletina were reported this morning to Dr. McGougan, the Health Officer. They are, a little girl at Mr. Lambeth's house on Russell Street, and Mr. W. M. Thomas' little girl. Mr. Thomas lives in the old Mimms' house.

The other cases still continue to do well with the exception of the little daughter of Mr. Jas. Johnson. She is still exceedingly ill.

The reporter made a tour of the city and suburbs this morning and found everything very clean with the exception of few ugly ditches. Most of the people have put their yards in order and freely sprinkled lime around their premises.

Children have commenced to return to school and the frightened looks of anxious mothers have given way under the influence of the second sober thought.
