NUMBER 256

## INDEX TO NEW ADVERTISEMENTS.

M. F. Crawford & Co.—For Men Only.  
Mrs. Rebecca Bledsoe Buxton—For Sale.

Weather Predictions—Chief Moore, Washington, D. C., 10:30 o'clock. Fair to-night and Saturday.

## Local Briefs.

The Excelsior Poultry Farm, Mr. John A. McLean, manager, is receiving orders from abroad constantly for chickens, recent ones being from Florida for twenty and from Norfolk for a trio of games.

## A Clever Arrest.

Policeman Benton arrested George Johnson, a negro, yesterday afternoon near the Atlantic Coast Line depot on suspicion of being the man who robbed the Dunn Hardware store on Sunday morning last. The officer's attention had been attracted to him by learning that he had been disposing of a number of pistols, razors and knives. When arrested and searched no weapon was found on him, but when placed in jail he drew forth from some place, still unknown to the police, a new pistol. He also confessed to the robbery.

Chief of Police Duncan, of Dunn, was notified, and he arrived here yesterday, and this morning carried the man back for trial.

## Revival at the Armory.

A card board near the post office announces that Evangelist Sutton, of Georgia, will begin a revival at the armory to-night, and that three services will be held daily in the same hall, at 11 a. m., 3 and 7:30 p. m., for a period of ten days. All denominations are invited to assist, and everybody is welcomed.

In an interview with Mr. Sutton, we find that he is a Baptist minister, but that his purpose is to hold a non-sectarian, union revival meeting for all the people of the whole city. He is evidently a zealous and earnest worker after the Moody sort; he says that more than 400 persons have found Christ at the altar in one city where he has labored, but that results here as elsewhere will depend on the cooperation of praying Christian workers.

## AN IMPORTANT MEETING.

Prospects for a Bleachery, Match Factory and New Cotton Factory and the Reports about the Silk Mill to be Discussed.

The Directors of the Chambers of Commerce are to meet in the office of Mr. F. R. Rose, Secretary, on Monday afternoon at 4 o'clock. A full attendance is desired as arrangements are to be made to have a full public meeting of the entire Chamber at an early day. Various matters will be called to the attention of the Directors at the Monday afternoon meeting, such as recent letters about the Bleachery, about a Match factory and about a new Cotton mill for Fayetteville.

Some steps will be taken with reference to the many false reports that are being circulated all over the country about cruelty practiced in one of the mills at this place.

This last has no foundation in fact and should be denounced as false.

Other matters closely connected with the best interests of Fayetteville are awaiting definite action on the part of the Directors.

Fayetteville seems to be widely advertised throughout the United States and there are no reasons why we should not enter upon a period of prosperity not known in our history for fifty years past.

## The Transvaal Refugees.

By cable to the Observer.  
Cape Town, Nov. 30.—Sir Alfred Milner, Governor of Cape Colony, has issued a statement in regard to the return of refugees to the Orange and Vaal river colonies. He says no promise can be made as to the immediate prospects for the settlement of country to such extent as to allow the return of these people. He declined to fix a date for their return until he is sure conditions will permit such action. He says, however, the working of the mines will be resumed on a large scale before the termination of the war.

## The United States and Turkey.

By cable to the Observer.  
Constantinople, Nov. 30.—The opinion is expressed in diplomatic circles that the American claims arising from the Armenian massacres may now be regarded as practically settled as a trade providing for the building of a cruiser in the United States is officially promulgated. The question of the consulate at Harpoot remains open, the Porte persisting in refusing to grant an ex-aquator to the consul. The moral effect, however, of the presence of the Kentucky at Smyrna in support of the representations of the American legation taken in conjunction with the set-

tlement of other claims leads the legation to hope for an early arrangement of all outstanding differences.

## Rough Treatment of Mormons in Austria.

By cable to the Observer.  
Vienna, Austria, Nov. 30.—Advices from Tamesvar, South Hungary, record a rough treatment of two Mormon elders from Salt Lake City. The elders had no sooner begun to enunciate their views on polygamy than the audiences stormed the platform and ejected the elders from the hall. One was compelled to run the gauntlet of three hundred citizens armed with sticks and straps and knotted cords and hobnailed shoes. He was afterwards stripped from the waist and thrashed by half a dozen matrons. The other Mormon was ducked in a horse pond. The Minister of the Interior has prohibited further Mormon attempts at proselyting as being dangerous to the well being of the State.

The viceroy says it is useless and may work harm because it is likely to create alarm and trouble among the people.
